**Writing Every Day** Kellie Buis, Kat Mototsune, 2004 Many of today's schools struggle with large class sizes a continually evolving curriculum and a wide diversity in the ability and background of their students How best to build an effective literacy community in this constantly changing environment is an increasingly difficult challenge for teachers new and experienced alike In *Writing Every Day* Kellie Buis demonstrates that sharing stories is a fun and engaging way to motivate children and encourage cooperative learning in K-8 classrooms It proposes students writing letters every day as an efficient effective engaging and fun teaching strategy for organizing language instruction Children's personal stories become the catalyst for language experiences that involve reading writing and all forms of communication Teachers will find novel ways to bridge the gap between the important principles of sharing stories and practical ideas on how these understandings can be translated into classroom practice empower students to deepen and enrich their language skills by sharing their ideas feelings and experiences show students how to begin to make sense of themselves each other and the world create a strong partnership between school and home give children the ability to express themselves and to be heard by others in their community Student samples throughout the book illustrate the power of using their own life experiences to engage children in authentic reading and writing Writing daily letters gives children a stronger voice and engenders feelings of self worth self respect and competence This strategy reaps benefits beyond the language arts curriculum and helps students make connections and recognize patterns in everything that they read write and learn

**Writing Portfolios in the Classroom** Robert Calfee, Pamela Perumal, 2012-10-12 This volume presents chapters by researchers practitioners and policymakers who study the impact of classroom portfolios in the assessment of writing achievement by elementary and middle grade students The focus throughout the volume is on the tension between classroom assessment and externally mandated testing It presents the efforts of researchers practitioners and policymakers to understand the impact of classroom portfolios for the assessment of writing achievement by elementary and middle grade students Under the auspices of the Center for the Study of Writing the editors conducted a national survey of exemplary portfolio projects arranged for a series of video visits and held several working conferences The result of this work is a broad ranging tale the aspirations of teachers and administrators to move the machinery of schooling in the direction of more authentic and engaging tasks the puzzlement of students when they realize that the assignments are real and that the teacher may not have a right answer in mind and the tensions between ivory tower ideas and everyday classroom practice Divided into four sections this research volume provides a historical perspective develops the conceptual framework that serves as a background for many activities described throughout and discusses numerous practical issues that confront today's researchers and practitioners views the phenomenon of writing portfolios through a variety of broadview lenses such as teacher enthusiasm student reflection assessment tension the portfolio as metaphor and the locus of control conveys important conceptual issues with a balance

toward pragmatics and offers unique insights from the perspective of one individual who serves as scholar researcher and teacher
