Ministry of External Affairs,2010 The Report: Gabon 2013 Oxford Business Group,2013-10-07 In recent years the country has sought to accelerate economic diversification emphasising growth in its industrial agricultural and service sectors The second biggest economy of the Economic and Monetary Community of Central Africa which the country is chairing in 2013 Gabon has a population of 1.6m according to the most recent data available from the World Bank The country benefits from a wide base of natural resources including large mineral deposits and timber as well as arable land all of which have helped feed its export revenues and boost headline indicators However it is the oil and gas sector that has been the dominant sector with the country s onshore and offshore blocks making it the fifth largest producer on the continent Production has been maturing recently prompting the search to shift to deep offshore blocks but also encouraging greater diversification through the government s Gabon Emergent strategy which looks to channel capital and activity into key sectors such as tourism and manufacturing Parliamentary Debates, House of the People India. Parliament. Lok Sabha,2011-12-14 Empire and Post-Empire Telecommunications in India Pradip Ninan Thomas,2018-12-31 Telecommunications was vital to the imperial project and connecting India the jewel in the British crown was a key priority However intercolonial rivalries outside and within India as well as contestations between private and public ownership of telecommunications made that task difficult The author explores these differences and ties the history of telegraph cable and wireless in British India to the evolving story of telecommunications in post Independence India This book examines the role of the telegraph oceanic cables and the wireless in the context of the political economy and compulsions of Empire to control global flows of communications It argues that history is absolutely critical to understanding the present and the imprint of the past continues to shape the Indian state s engagements with telecommunications This volume undertakes the project of bridging the gap between past and present and highlighting a narrative of time and space specific innovation and growth tempered by political circumstances geopolitical developments and economic compulsions The Report: Gabon 2015 Oxford Business Group,2015-12-08 Given the decline in oil prices from mid 2014 on the government s drive to diversify the economy away from its traditional reliance on hydrocarbons in line with its Emerging Gabon Strategic Plan has taken on

greater importance Drawing on its sizeable timber and mineral reserves Gabon aims to develop new industries and boost domestic value added with the ultimate goal of achieving emerging market status by 2025 In the meantime however weaker oil prices will likely cause complications for the next two to three years as the authorities grapple with lower budgets and greater debt challenges **Annual Report of the Pacific Marine Fisheries Commission** Pacific Marine Fisheries Commission,1973

Oligopoly, Auctions and Market Quality Krishnendu Ghosh Dastidar,2017-08-29 This book provides an economic analysis of various aspects of market quality a new concept which emerged in the 21st century using the tools of oligopoly theory and auction theory that evolved over the 19th and 20th centuries In the economics literature the link between the theories of oligopoly and auctions with market quality remains largely unexplored This book attempts to forge such a link as it brings together relevant theoretical results in the literature on these topics under a unified framework While the book is mainly theoretical in nature it also discusses some specific issues related to the problems of market quality in emerging economies like India Illustrated by carefully chosen examples this book is highly recommended to readers who seek an in depth and up to date integrated overview of the new field of market quality economics and are interested in some open research problems in this area How should auctions and other allocation mechanisms be designed for oligopolistic industries to achieve such goals as efficiency high quality output and fast production Krishnendu Ghosh Dastidar s book offers novel analysis of this question and also some interesting answers Highly recommended Eric S Maskin Nobel laureate in Economics

Corporate Disclosures Shankar Jaganathan,2020-11-29 Spanning over two millennia of time and five continents of space this book narrates the unfolding of financial and business reporting The first part of the book traces the origin of the company as a form of organization and the evolution of bookkeeping The second part The Accounting Edifice depicts events that led to the disclosure of the balance sheet the profit and loss account cash flow statements and the practice of auditing In the third part Reaching out to the Shareholders the author explores the need for governance reporting of intangible assets and the emergence of annual reports Indian Corporate Disclosures the fourth and the last part sketches the panorama of post independent developments in Indian corporate disclosures using heritage IT companies Wipro and Infosys as examples The last chapter of the book contrasts disclosures by the Indian Sensex companies in 2007 with the best global practices The Regulation of Mobile Money Sunduzwayo Madise,2019-03-26 The emergence of mobile money and other new forms of payment has changed the sovereign foundations of money Starting as a Department for International Development funded project in Kenya mobile money has now spread to many developing countries This book looks at the regulatory issues that mobile money poses and the potential risks to the financial system It undertakes a comparative study of mobile money regimes in Kenya Mala i Tanzania and South Africa Although the main study is on Mala i the lessons learnt are valuable to Sub Saharan Africa in understanding the regulatory issues surrounding mobile money The main argument that this book makes is that the traditional regulatory architecture of supervising the financial services is ill suited to supervise new forms

of money like mobile money With no requirement for a bank account mobile money is not subject to prudential regulation Mobile money is now considered a key developmental tool to achieve financial inclusion among the poor rural based unbanked and underbanked As opposed to traditional additive forms of financial inclusion mobile money is transformative In most jurisdictions where it has been launched mobile money has largely been regulated using light touch with regulation following innovation This work however proposes an approach based on the concept of really responsive regulation This approach is best suited to embrace mobile money as it passes from the pre financial inclusion to the post financial inclusion phases of its evolution This book will appeal to students and academics in the financial regulation field
