

AUJOURD'HUI, maman est morte. Ou peut-être hier, je ne sais pas. J'ai reçu un télégramme de l'asile : « Mère décédée. Enterrement demain. Sentiments distingués. » Cela ne veut rien dire. C'était peut-être hier.

L'asile de vieillards est à Marengo, à quatre-vingts kilomètres d'Alger. Je prendrai l'autobus à deux heures et j'arriverai dans l'après-midi. Ainsi, je pourrai veiller et je rentrerai demain soir. J'ai demandé deux jours de congé à mon patron et il ne pouvait pas me les refuser avec une excuse pareille. Mais il n'avait pas l'air content. Je lui ai même dit : « Ce n'est pas de ma faute. » Il n'a pas répondu. J'ai pensé alors que je n'aurais pas dû lui dire cela. En somme, je n'avais pas à

BOOK JACKET Flower Children Maxine Swann, 2008-06-03 A work of stunning lyricism and intense originality Mary Gordon author of *Pearl* From an award winning short story writer comes this spare lively moving novel quickly embraced by critics and readers portraying the strangely celebrated and unsupervised childhood of four hippie offspring in the 1970 s and 80 s Based on the author s own upbringing *Flower Children* tells the story of four children growing up in rural Pennsylvania impossibly at odds with their surroundings In time as the sheltered utopia their parents have created begins to collapse the children long for structure and restraint and all their parents have avoided

Literature and Law , 2016-08-09 In recent years there has been a continuing and persistent world wide interest in the interaction between the two disciplines of law and literature Although there have been many collections of primary texts that combined these two areas this volume presents literary analyses and criticism in an attempt to assess the varied relationships between law and justice between lawyers and clients and between readers perceptions and authors intent hopefully suggesting why they have continually been yoked together One similarity between the two is that lawyers like writers must catch their audience s attention by novelty of scene distinctiveness of voice and ingenuity of design Furthermore legal advocates must recreate a concrete sense of reality developing vivid and valid pictures of a specific time and place In short both lawyers and writers attempt to provide a basis for juries readers to judge defendants characters by their motivations and their actions and to decide whether a favorable ruling assessment is justified Collectively the essays in this book are designed to deal with themes of guilt and innocence right and wrong morality and legality The essays also suggest that the world as it is delineated by lawyers is indeed a text that like its literary counterparts sometimes blurs the distinction between fact and fiction as it attempts to define truth and to establish criteria for impartial justice By exploring interdisciplinary contexts readers will surely be made more aware more sensitive to the roles that stories play in the legal profession and to the dilemmas faced by legal systems that often succeed in

maintaining the rights and privileges of a dominant societal group at the expense of a less powerful one The Stranger - Albert Camus Harold Bloom,2009 The condition of man is revealed as absurd in Camus s short novel Seeing Degree Zero Ryan Bishop,2019-10-14 In literature and the visual arts zero degree represents a neutral aesthetic situated in response to and outside of the dominant cultural order Starting from Roland Barthes 1953 book Writing Degree Zero this volume examines the historical theoretical and visual aspects of the term in collaboration with artist and writer Victor Burgin □□□ □□□□□□,2016-03-28 2014 6 *The Fiction of Albert Camus* Moya Longstaffe,2007 This book takes a fresh look at the novels and short stories of Albert Camus from his early attempt at a first novel *La Mort heureuse* to the largely autobiographical *Le Premier homme* unfinished at the time of his death It seeks to see the oeuvre as a totality coherent throughout and examines the linkages and transformations from one work to the next in the context of Camus s thought attitudes and topoi or themes The development of narrative techniques is examined ranging from laconism to lyricism from allegorism to realism from humour to biting satire The author traces the influence on Camus s thought of philosophers and thinkers as diverse as Nietzsche and the pre Socratics on the one hand and St Augustine Pascal and Simone Weil on the other and considers the circularity of his work from the early preoccupation with the finality of death and the search for meaning to the return to the origin and source in *Le Premier homme* The enduring appeal of Camus s work is attributed to its humane openness and its challenges for our time **Flaubert, Beckett, NDiaye** Andrew Asibong,Aude Campmas,2017-01-23 Gustave Flaubert Samuel Beckett and Marie NDiaye can be considered as visionaries of a peculiarly radical form of failure their protagonists and texts alike sliding inexorably into unmanageable states of paradox incompleteness and disintegration What are the implications of these authors experiments in splitting and negativity experiments which seem to indulge the most cynical aspects of nihilism whilst at the same time grappling with the very foundations of politicized and psychic truth In this unusual edited volume of comparative analyses Andrew Asibong and Aude Campmas bring together ten provocative and illuminating essays each of which approaches the various failures of the bizarre trio of canonical francophone writers along three principal axes of investigation the aesthetic the emotional and the political **A History of Modern French Literature** Christopher Prendergast,2017-02-21 An accessible and authoritative new history of French literature written by a highly distinguished transatlantic group of scholars This book provides an engaging accessible and exciting new history of French literature from the Renaissance through the twentieth century from Rabelais and Marguerite de Navarre to Samuel Beckett and Assia Djebar Christopher Prendergast one of today s most distinguished authorities on French literature has gathered a transatlantic group of more than thirty leading scholars who provide original essays on carefully selected writers works and topics that open a window onto key chapters of French literary history The book begins in the sixteenth century with the formation of a modern national literary consciousness and ends in the late twentieth century with the idea of the national coming increasingly into question as inherited meanings of French and Frenchness expand

Death and Tenses Neil Kenny, 2015 This book is probably the first to explore a question that can crop up in everyday situations and that has a long history in what tense should we refer to the dead That question relates both to the recently deceased and also to those who died long ago for example in antiquity The book explores it through many kinds of texts mainly in French but also in Latin produced in sixteenth and early seventeenth century France including by celebrated authors Rabelais Montaigne Did tenses refer to the dead in ways that contributed to granting them differing degrees of presence and absence Did tenses communicate something about posthumous presence and absence that could not easily be communicated by other means This is primarily a work of literary and cultural history but it also draws on linguistics It compares its early modern examples with modern French and English asking whether changes in more recent beliefs in posthumous survival have led to different tense usage

The Expression of Tense, Aspect, Modality and Evidentiality in Albert Camus's L'Étranger and Its Translations / L'Étranger de Camus et ses traductions : questions de temps, d'aspect, de modalité et d'évidentialité (TAME) Eric Corre, Danh Thành Do-Hurinvill, Huy Linh Dao, 2020-08-11 This book deals with the linguistic treatment of tense aspect modal evidential TAME expressions in translations of the French novel L tranger by Albert Camus into sixteen languages It is strongly empirical in spirit and uses the method of contrastive linguistics and multilingual comparison through the use of parallel corpora It has five main parts the first two offer insights into perfect and imperfect tenses in Indo European languages the third part shifts the focus on non Indo European languages the fourth part deals with modality and the last part is more translation oriented These contents make this book a valuable contribution in semantic micro typology In terms of readership both linguists and specialists in translation as well as literature scholars can benefit from the contributions presented in this book It also relates to other usage based corpus driven studies of TAME phenomena and to monographs that take as their object of study the use of corpus linguistics in translation studies

Law's Hermeneutics Simone Glanert, Fabien Girard, 2017-02-17 Bringing together leading academics hailing from different cultural and scholarly horizons this book revisits legal hermeneutics by making particular reference to philosophy sociology and linguistics On the assumption that theory has much to teach law that theory motivates and enables the writings of such intellectuals as Martin Heidegger Hans Georg Gadamer Jacques Derrida Paul Ricoeur Giorgio Agamben Jürgen Habermas Ronald Dworkin and Ludwig Wittgenstein receive special consideration As it explores the matter of reading the law and as it inquires into the emergence of meaning within the dynamic between reader and text against the background of the reader's worldly finiteness this collection of essays wishes to contribute to an improved appreciation of the merits and limits of law's hermeneutics which it argues is emphatically not to be reduced to a simple tool for textual exegesis

A Serious Call Don Coles, 2015-03-27 In *A Serious Call* Governor General's Award winner Don Coles presents a collection of moments suspended in time a line of poetry forgotten for years and remembered as often a photograph cut out of a 1942 newspaper that saves its subjects not from death but from oblivion a fond memory of a bookshop in Southwark where books feed a love of literature and a life long friendship In a deceptively plainspoken style enhanced by his signature precision Coles's contemplation of everyday moments and objects reveals not only the power of memory but also the innermost fears and longings of the human spirit

Negative Comparative Law Pierre Legrand, 2022-06-09 A critical manifesto making the case for a radically alternative approach to the theory and practice of comparative law

The Flight of the Angels Alistair Charles Rolls, 2023-11-27 It is a close study of four novels by Boris Vian It aims to show how *L'écume des jours* *L'Automne Pkin* *L'Herbe rouge* and *L'Arrache-cœur* form a unified and coherent tetralogy By establishing close links between these four texts it becomes possible to achieve a more comprehensive understanding not only of the significance of the tetralogy in exposing a complex and multi-layered novelistic strategy at the heart of the *vianesque* but of the individual novels as autonomous creations An examination of the novels reveals that they are not merely joined to one another via a superficial network of textual similarities that which I refer to as intratextuality but that this intertwining is emblematic of a common method of narrative construction Each Vian novel is dependent for a thorough understanding of the text to be possible upon the multiple lines of external influence running through it The sources of this influence which I refer to as intertextuality are located in various major texts of twentieth century literature anglophone as well as francophone Thus in each instance the narrative is driven by a complicated interaction of intratextuality and intertextuality
