Investment and financing of the infrastructure programme will be largely provided by public private and business partnerships, with limited state capital. The national government should create a special investment fund to attract private investment.

Small-business growth is a critical factor in the economic development of a community. The Small Business Administration (SBA) is a federal agency that provides support, guidance, and financing to small businesses. The SBA's mission is to help small businesses start, grow, and succeed. The SBA provides a variety of services, including counseling, training, and financing. The SBA also provides a variety of programs, including the 8(a) Business Development Program, the Women's Business Enterprise (WBE) Program, and the Veterans Business Enterprise (VBE) Program. The SBA is a vital part of the federal government's efforts to support small businesses and promote economic growth.

■ **Healthcare:** The U.S. healthcare system is the most expensive in the world, and it's not clear why. The U.S. spends more on healthcare than any other country, yet life expectancy is lower and health outcomes are worse. The U.S. healthcare system is a complex of private and public entities, and it's not clear how to reform it.
