Heritage Tourism Beyond Borders and Civilizations İnci Oya Coşkun, Alan Lew, Norain Othman, Gökçe Yüksek, Semra Günay Aktaş, 2020-06-29 This book gathers the best papers presented at the 11th Tourism Outlook Conference held in Eskişehir Turkey from 3 to 5 October 2018 Covering various aspects of heritage and its effects on tourism issues the contributions provide a multidisciplinary perspective on emerging issues and challenges in the area The book also analyzes both the tangible and intangible properties of natural cultural and historical heritage and how these relate to and influence tourism and evaluates the importance and role of heritage in tourism destinations and products By providing a platform for cross disciplinary dialogues that integrate research and insights from diverse geographical sectoral and institutional perspectives the book allows readers to gain a better understanding of heritage tourism The Routledge Companion to Digital Humanities and Art History Kathryn Brown, 2020-04-15 The Routledge Companion to Digital Humanities and Art History offers a broad survey of cutting edge intersections between digital technologies and the study of art history museum practices and cultural heritage The volume focuses not only on new computational tools that have been developed for the study of artworks and their histories but also debates the disciplinary opportunities and challenges that have emerged in response to the use of digital resources and methodologies Chapters cover a wide range of technical and conceptual themes that define the current state of the field and outline strategies for future development This book offers a timely perspective on trans disciplinary developments that are reshaping art historical research conservation and teaching This book will be of interest to scholars in art history historical theory method and historiography and research methods in education **The Students' Guide to the Libraries of London** University of London, Reginald Arthur Rye, 1927 The Publishers Weekly, 1910 Cities and Metaphors Somaiyeh Falahat, 2018-04-19 Introducing a new concept of urban space Cities and Metaphors encourages a theoretical realignment of how the city is experienced thought and discussed In the context of Islamic city studies relying on reasoning and rational thinking has reduced descriptive vivid features of the urban space into a generic scientific framework Phenomenological characteristics have consequently been ignored rather than integrated into theoretical components The book argues that this results from a lack of appropriate conceptual vocabulary in our global body of scholarly literature It challenges existing theories introduces and applies the concept of Hezar tu a thousand insides to rethink the spaces in historic cores of Fez Isfahan and Tunis This tool constructs a staging post towards a different articulation of urban space based on spatial physical virtual symbolic and social edges and thresholds nodes of sociospatial relationships zones of containment state of intermediacy and thus a logic of ambiguity rather than determinacy Presenting alternative narrations of paths through sequential discovery of spaces this book brings the sensual features of urban space into the focus The book finally shows that concepts derived from local contexts enable us to tailor our methods and theoretical structures to the idiosyncrasies of each city while retaining the global commonalities of all Hence in broader

terms it contributes to a growing awareness that urban studies should be more inclusive by bringing the diverse global contexts of cities into the body of our urban knowledge
