**Beauty and the Good** Alice M. Ramos, 2020-10-30 In the past twenty years or more there has been a growing interest among philosophers and theologians alike in the transcendentals and especially in the beautiful This seems fortuitous since so much of contemporary culture is fixated in many ways on beauty on what might be called a superficial or man made beauty intent on outward appearance with little or no concern for the human person's interiority and distinctive nature The Ancients and the Medievals on the contrary were sensitive not only to the beauty of nature and art but also to beauty as intelligible that is to the beauty of moral harmony and of metaphysical splendor While the question of whether the beautiful is in fact a transcendental aspect of being continues to be a subject of dispute in contemporary scholarship the relationship between the beautiful and the good has been accepted since ancient times and has been attended to in recent publications None of these publications however offers a systematic treatment of this relationship by drawing from the wisdom of both ancient and medieval thought in such a way as to bring together the work of scholars in this tradition Beauty and the Good intends therefore to make a singular contribution by presenting a richer alternative to the contemporary cult of beauty and appearance on the one hand and to the concomitant decline of real beauty on the other hand In addition to highlighting the centrality of beauty in the Aristotelian account of moral virtue where virtue is *kalon* and virtuous actions are done for the sake of *kalon* an account which is found echoed in the medieval notion of intrinsic goodness *bonum honestum* understood as intelligible or spiritual beauty this volume will provide the metaphysical and theological grounding for beauty as influenced in part by Plato and Neoplatonism together with a much needed account of how we know and judge beauty and how for the recognition of true good and real beauty we need to be properly disposed The integration of philosophical and theological reflection on the nature and relationship of beauty and the good on our perception and judgment of beauty and of the good as beautiful and on the motivational role of beauty in human action has as its goal to produce a coherent volume of essays

Spiritual Traditions and the Virtues Mark R. Wynn, 2020-06-30 *Spiritual Traditions and the Virtues* develops a philosophical appreciation of the spiritual life The book shows how a certain conception of

spiritual good one that is rooted in Thomas Aquinas's account of infused moral virtue can generate a distinctive vision of human life and the possibilities for spiritual fulfillment. Wynn examines the character of the goods to which spiritual traditions are directed, the structure of such traditions including the connection between their practical and creedal commitments, the relationship between the various vocabularies that are used to describe from the insider's perspective progress in the spiritual life, the significance of tradition as an epistemic category and the question of what it takes for a spiritual tradition to be handed on from one person to another. In his account of the virtues, Aquinas shows how our relations to the everyday world can be folded into our relationship to the divine or sacred reality otherwise conceived. In this sense, he offers a vision of how it is possible to live between heaven and earth. *Spiritual Traditions and the Virtues* considers how that vision can be extended across the central domains of human thought and experience and how it can deepen and diversify our understanding of what it is for a human life to be lived well. **Gaps and the Creation of Ideas** Judith Seligson, 2021-03-08

**Gaps and the Creation of Ideas** An Artist's Book is a portrait of the space between things, whether they be neurons, quotations, comic book frames, or fragments in a collage. This twenty-year project is an artist's book that juxtaposes quotations and images from hundreds of artists and writers with the author's own thoughts. Using Adobe InDesign for composition and layout, the author has structured the book to show analogies among disparate texts and images. There have always been gaps, but a focus on the space between things is virtually synonymous with modernity. Often characterized as a break, modernity is a story of gaps. Around 1900, many independent strands of gap thought and experience interacted and interwove more intricately. Atoms, textiles, theories, women, Jews, collage, poetry, patchwork, and music figure prominently in these strands. The gap is a ubiquitous phenomenon that crosses the boundaries of neuroscience, rabbinic thinking, modern literary criticism, art, popular culture, and the structure of matter. This book explores many subjects, but it is ultimately a work of art.

**Shakespeare on Salvation** David Anonby, 2024-03-13 This cutting-edge book explores Shakespeare's negotiation of Reformation controversy about theories of salvation. While twentieth-century literary criticism tended to regard Shakespeare as a harbinger of secularism, the so-called turn to religion in early modern studies has given renewed attention to the religious elements in Shakespeare and his contemporaries. Nevertheless, there remains an aura of uncertainty regarding some of the doctrinal and liturgical specificities of the period. This historical gap is especially felt with respect to theories of salvation or soteriology. Such ambiguity, however, calls for further inquiry into historical theology. The author explores how the language and concepts of faith, grace, charity, the sacraments, election, free will, justification, sanctification, and atonement find expression in Shakespeare's plays. In doing so, this book contributes to the recovery of a greater understanding of the relationship between early modern religion and Shakespearean drama. While the author shares David Scott Kastan's reluctance to attribute particular religious convictions to Shakespeare in some cases, such critical guardedness has diverted attention from the religious topography of Shakespeare's plays. Throughout this study, the author's hermeneutic is to read

Shakespeare through the lens of early modern theological controversy and to read early modern theology through the lens of Shakespeare

*Challenging the Boycott, Divestment and Sanctions (BDS) Movement* Ronnie Fraser, Lola Fraser, 2023-02-13

Challenging the Boycott Divestment and Sanctions BDS Movement focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different The forum unleashed the new antisemitism which targeted the State of Israel as well as a non violent civil society based campaign based on the South African anti apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel Featuring case studies from the United States Great Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures The rise of antisemitism within academia and wider society is also examined This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history
