Automotive FDI in Emerging Europe A. J. Jacobs,2017-06-19 This book examines the dramatic increase in automotive assembly plants in the former Socialist Central European CE nations of Czechia East Germany Hungary Poland and Slovakia from 1989 onwards Enticed by relatively lower wage labour and significant government incentives the world s largest automakers have launched more than 20 passenger car assembly complexes in CE nations with production accelerating dramatically since 2001 As a result the annual passenger car production in Western Europe declined by more than 20% between 2001 and 2015 and alternatively in the CEE it increased by nearly 170% during this period Drawing on

case studies of 25 current and former foreign run assembly plants the author presents a rare historical account of automotive foreign assembly plants in the CE following this dramatic geographic shift This book will expand the knowledge of policy makers in Europe in relation to their pursuits of FDI and will be of great interest to scholars and students of business economic history political science and development *French Decadence in a Global Context* Julia Hartley, Wanrug Suwanwattana, Jennifer Yee, 2022-07-12 Decadence is seldom looked at in the context of colonialism and yet its heyday in the 1880s and 1890s is directly contemporary with the expansion of France's modern colonial empire Ever a slippery signifier Decadence figures alternately as pro colonial anticolonial and apolitical This edited volume gives a sense of the sheer range and diversity of intersections between colonialism and Decadence from anticolonial anarchist writers to colonial discourse from nineteenth century women writers to our contemporary Michel Houellebecq Different chapters explore these intersections in the cultural imagination of dance the novel travel writing historiographical theory and literary networks Decadence is often seen as an essentially metropolitan urban movement but this study identifies key spaces elsewhere from fin de siècle Saigon to India in the heyday of French colonialism from Byzantium to ancient Persia Although the colonies were held up by some as an antidote to the threat of French decline other writings reveal anxiety that the antidote might itself be a form of poison Colonial contact might exacerbate degeneration whether through cultural mixing or through the violence of colonial aggression itself A profound anxiety about French identity and France's so called mission civilisatrice is played out through the imagery the style and the pose of Decadence **Thermoplastics and Thermoplastic Composites** Michel Biron, 2018-06-06 Thermoplastics and Thermoplastic Composites Third Edition bridges the technology and business aspects of thermoplastics providing a guide designed to help engineers working in real world industrial settings The author explores the criteria for material selection provides a detailed guide to each family of thermoplastics and explains the various processing options for each material type More than 30 families of thermoplastics are described with information on their advantages and drawbacks special grades prices transformation processes applications thermal behavior technological properties tenacity friction dimensional stability durability ageing creep fatigue chemical and fire behavior electrical properties and joining possibilities In this third edition standards and costs have been updated for all materials and more information on topics such as bioplastics 3D printing and recycling have been added In addition an entirely new chapter on the concept of Industry 4.0 has been added with guidance and suggestions on the incorporation of virtualization connectivity and automation into the plastics engineering process to reduce materials and processing failure Includes detailed case studies that illustrate best practices across a wide range of applications and industry sectors Presents a new chapter on the Industry 4.0 concept Suggests software solutions to assist with design decision making and management along with other forms of automation *The CMO's Periodic Table* Drew Neisser, 2015-11-17 Imagine how much you would learn if you could converse with 64 of the brightest minds in marketing Now imagine if those conversations were focused on all the essential

elements that go into being a top notch chief marketing officer and organized into seven logical intuitive categories Now you can stop imagining and start reading The CMO s Periodic Table an essential resource for the modern marketer Over the last five years thanks in large part to his friends at The CMO Club author Drew Neisser has interviewed over 100 marketing leaders at prominent companies such as American Express Audi Belkin Black Duck Software Converse College Humor D B Dow and many more These interviews 64 of which are highlighted in this book reflect the fundamental diversity of challenges and subsequent solution sets deployed by each Though these interviews don t yield a magic formula they offer something a bit more profound and definitely more fundamental a compendium of elements that every marketer has or will need to examine in the very near future Organized into a CMO worthy periodic table modeled on the classic organization of the chemical elements the chapters progress from basic challenges like research and strategy to internal issues like culture change and managing up to advanced highly volatile subjects like risk taking and changing agencies **Focus On: 100**

Most Popular Station Wagons Wikipedia contributors, **Sustainable Value Chain Management** Michael D'heur, 2015-02-28 This book introduces the integrated management concept of Sustainable Value Creation which delivers sustainability inside out from the core business It is based on the premise that sustainability can provide a platform for growth if it is implemented in a company s products services and supply chains combined also known as the Value Chain Managing the Value Chain from the outset with a sustainability mindset subsequently allows profitable economical ecological and societal growth It combines the need for increased sustainability and its implementation in the operations of a company The book addresses the following issues How do economic environmental and societal factors impact the value creation process of a company What requirements and expectations need to be met to balance economic ecologic and societal value creation What are the building blocks and measures that can be utilized on the journey towards building a sustainable value chain What benefits can be achieved through sustainable value chains What are the practical examples of sustainable value chains in leading companies that can inspire others to follow The book includes contributions from the following organisations and companies Beiersdorf SAP Klenk und Horsch VAUDE Infineon Technologies Independent Capital Management BASF Nanogate the Federal German Council for Sustainable Development Henkel Symrise shared value chain Siemens Fairphone and Thin Air Factory **International Marketing** Dana-Nicoleta Lascu, 2022-03-02 Written during a period of economic political and social instability largely due to the disruptions spurred by the pandemic with continued COVID 19 lockdowns inflationary pressure supply chain constraints and other economic and political challenges to international trade the Seventh Edition offers insights into the resulting local and multinational firms management of marketing operations The revised edition includes updated and new material throughout new and fully updated cases all new Video Labs new coverage of trade theory additional coverage of international trade agreements to address increasingly influential trade bodies The book expands the focus on market analysis by including several new sections such as

international marketing analytics and other country and region specific market assessments and product analyses The book reflects the author's teaching philosophy presenting dynamic timely real world examples that help students to better understand international marketing in action Professor Lascu shares her own perspectives as a product of different cultures who actively experiences observes and studies marketing across the world chairing international conferences even as the pandemic continues to exacerbate geographical political and economic divides Technologies for economical and functional lightweight design Klaus Dröder, Thomas Vietor, 2019-03-25 This book comprises the proceedings of the conference Faszination Hybrider Leichtbau 2018 which took place in Wolfsburg The conference focused on new methods and technologies for the development and production of multifunctional and hybrid lightweight solutions in large scale vehicle manufacturing Further it promoted the exchange of insights and lessons learned between experts from industry and academia Lightweight design and construction are key technologies for the development of sustainable and resource efficient mobility concepts Material hybrid structures which combine the advantages of different materials e.g. fiber reinforced plastics and metals have a high potential for reducing weight while simultaneously expanding component functionality However the efficient use of functional integrated hybrid structures in vehicle construction requires innovations and constant developments in vehicle and production technology There is a great demand for affordable lightweight construction in mass production that takes into account the increasing requirements in terms of variant diversity safety and quality particularly with regards to new methods and technologies **Lithium-Ion Cells** Yury Koshtyal, Alexander Rumyantsev, 2024-12-24 A large quantity of articles and books have been published on the designated topics However most of the literary sources describe the results of scientific articles on the synthesis and study of perspective materials reveal circuit and design solutions for constructing control systems and manufacturing batteries and are educational materials At the same time a small part of the published sources includes the following descriptions of materials produced industrially and used in the LIC manufacturing process demonstrations of the industrially produced LIC energy and power parameters analysis of the characteristics of manufactured miniature lithium ion cells solid state LICs lithium metal cells and all solid state cells as well as others Considering the popularity of the discussed topics one can hope to find detailed information on the Internet Indeed modern search engines make it possible to locate a sufficiently large number of relevant documents However while conducting such research we encountered the following challenges the data are somewhat fragmented and their systematization and structuring are required search results do not always meet search queries For instance data that were relevant to the topic were found but they did not match the query as accumulated data grow the search time for new information extends the choice of search engine and location different countries affects search results the data are not indexed in search engines although the correct keywords and website were requested the information disappears due to website updates and the found data require additional processing For example many presentations show changes in the

shape of the discharge curves depending on the discharge current strength In addition however Ragone plots are necessary for a correct comparison and therefore the mathematical processing of presented results is required Thus this book was written to systematize and structure information on industrially produced materials for LIC manufacturing and industrially produced and promising LICs and lithium metal rechargeable cells for various applications *Lemon-Aid New and Used Cars and Trucks 2007-2018* Phil Edmonston, 2018-02-03 A Globe and Mail bestseller Dr Phil Canada's best known automotive expert and George Iny walk you through another year of car buying After almost fifty years and two million copies sold Phil Edmonston has a co pilot for the Lemon Aid Guide George Iny along with the editors of the Automobile Protection Association The 2018 Lemon Aid features comprehensive reviews of the best and worst vehicles sold since 2007 You'll find tips on the art of complaining to resolve your vehicular woes and strategies to ensure you don't get squeezed in the dealer's business office after you've agreed on a price and let your guard down And to make sure you receive compensation where it's due Lemon Aid's unique secret warranties round up covers manufacturer extended warranties for performance defects Lemon Aid is an essential guide for careful buyers and long time gearheads who may not know as much as they think **Picture You Dead** Peter James, 2022-09-29 Discover the darkness that lurks around every corner in the latest instalment of Peter James's award winning detective series which is now a major BritBox series starring John Simm as Roy Grace Harry and Freya an ordinary couple dreamed for years of finding something priceless buried amongst the tat in a car boot sale It was a dream they knew in their hearts would never come true until the day it did They buy a drab portrait for twenty pounds for its beautiful frame planning to cut the painting out Then studying it back at home there seems to be another picture beneath of a stunning landscape Could it be a long lost masterpiece from 1770 If genuine it could be worth millions One collector is certain it is genuine Someone who uses any method he can to get what he wants Detective Superintendent Roy Grace finds himself plunged into the unfamiliar and rarefied world of fine art Outwardly it appears respectable gentlemanly above reproach But beneath the veneer he rapidly finds that greed deception and violence walk hand in hand And Harry and Freya are about to discover that their dream is turning into their worst nightmare
