## **2015 Cameroon G C E Questions:**

**The Anglophone Question and Postcolonial Hegemony in Cameroon** Lyombe Eko, 2025-01-15 The Anglophone Question Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la R publique du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of force rather than the force of argument thereby creating yet another frozen African conflict The Anglophone Question cannot vanish by some political maneuver as Cameroon's senile nonagenarian president has done over the decades with his ossified knee excruciatingly painful on the nation's neck That is my takeaway after reading this insightful well argued exhaustively researched highly intellectualized yet practical compendium of chapters that bear an unapologetic witness to the horrific Anglophone Problem I celebrate the authors fearlessness articulation and lucid presentation as the establishment continues to seal its ears with candle wax I'll reverse President Paul Biya's mantra and say Rule 1 There is an Anglophone Problem Rule 2 When in doubt consult Rule 1 Uche Onyebadi PhD Texas Christian University Texas USA **The Grammar Problem in Higher Education in Cameroon** Miriam Ayafor, 2015-06-18 This book describes the English grammar weaknesses manifested in the written work of young Cameroonians in tertiary education It identifies the areas where the problems are most acute seeks the reasons for such low grammar competences and suggests possible solutions to the problems The Error Analysis Approach suggested by authors like S P Corder and J C Richards was used to carry out the study The book will be of interest to all L2 learners and teachers of English to language policy makers of L2 English and to all those who wish to see that Standard British English is preserved to a greater extent in English speaking places outside Britain despite the on going indigenisation of this global language **The Golden Age of Southern Cameroons** Anthony Ndi, 2016-05-11 This book argues that since the emergence of the Cameroon National Union CNU and the one party state in 1966 Cameroonians have progressively degenerated into the syndrome of collective amnesia inspired by a culture of sycophancy glorifying and deifying political leadership These developments stand in stark contrast to what obtained in the nascent Southern Cameroons the UN Trust territory administered by Britain until 1961 when its population voted

overwhelmingly by 70.5% to gain their independence by establishing a federation with the then French speaking Republic of Cameroon. From the late 1950s until the dismantling of the Cameroon Federation, Southern Cameroons and later West Cameroon had a vibrant parliament, a House of Chiefs or Senate, an independent Judiciary, an ideal corruption free Public Service, a state government with ministers presided over by an Executive Prime Minister, and for a decade West Cameroon provided the Vice Presidency for the Federal Republic of Cameroon. In what may be accurately described as Prof Anthony Ndis seminal work, he contends and rightly so, that solutions to the legion of problems that plague contemporary Cameroon may be easily found in the pages of *The Golden Age of Southern Cameroons*. Agents for this transformation do not have to be invented or imported from Mars; all we need is a patriotic spirit, political will, readiness to dialogue, transparency, and commitment to democracy.

**Global Citizenship Education** Abdeljalil Akkari, Kathrine Maleq, 2020-08-18. This open access book takes a critical and international perspective to the mainstreaming of the Global Citizenship Concept and analyses the key issues regarding global citizenship education across the world. In that respect, it addresses a pressing need to provide further conceptual input and to open global citizenship agendas to diversity and indigeneity. Social and political changes brought by globalisation, migration, and technological advances of the 21st century have generated a rise in the popularity of the utopian and philosophical idea of global citizenship. In response to the challenges of today's globalised and interconnected world, such as inequality, human rights violations, and poverty, global citizenship education has been invoked as a means of preparing youth for an inclusive and sustainable world. In recent years, the development of global citizenship education and the building of students' global citizenship competencies have become a focal point in global agendas for education, international educational assessments, and international organisations. However, the concept of global citizenship education still remains highly contested and subject to multiple interpretations, and its operationalisation in national educational policies proves to be challenging. This volume aims to contribute to the debate, question the relevancy of global citizenship education's policy objectives, and to enhance understanding of local perspectives, ideologies, conceptions, and issues related to citizenship education on a local, national, and global level. To this end, the book provides a comprehensive and geographically based overview of the challenges citizenship education faces in a rapidly changing global world through the lens of diversity and inclusiveness.

**The Routledge Handbook of Content and Language Integrated Learning** Dario Luis Banegas, Sandra Zappa-Hollman, 2023-07-03. Content and language integrated learning (CLIL) is an increasingly popular educational approach given its dual focus on enabling learners to acquire subject matter through an additional language while learning this second language in tandem with content. This Handbook provides a comprehensive overview of recent CLIL developments, illustrating how CLIL has been uniquely conceptualised and practised across educational and geographical contexts. Divided into six sections covering language and language teaching, core topics and issues, contexts and learners, CLIL in practice, CLIL around the world, and a final section looking forward to future research directions, every

chapter provides a balanced discussion of the benefits challenges and implications of this approach Representing the same diversity and intercultural understanding that CLIL features the chapters are authored by established as well as early career academics based around the world The Routledge Handbook of Content and Language Integrated Learning is the essential guide to CLIL for advanced students and researchers of applied linguistics education and TESOL

Nyamnjoh,Richard Fonteh Akum,2008 This book documents the battles fought by the Anglophone community in Cameroon to safeguard the General Certificate of Education GCE a symbol of their cherished colonial heritage from Britain from attempts by agents of the Ministry of National Education to subvert it These battles opposed a mobilised and determined Anglophone civil society against numerous machinations by successive Francophone dominated governments to destroy their much prided educational system in the name of national integration When Southern Cameroonians re united with La Republique du Cameroun in 1961 they claimed that they were bringing into the union a fine education system from which their Francophone compatriots could borrow Instead they found themselves battling for decades to save their way of life Central to their concerns and survival as a community is an urgent need for cultural recognition and representation of which an educational system free of corruption and trivialisation through politicisation is a key component
