**Pentecostalism, Secularism, and Post Christendom** Bradley Truman Noel, 2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church's finest hour **Pentecostal and Postmodern Hermeneutics** Bradley Truman Noel, 2010-01-29 Pentecostal and Postmodern seeks to explore the relationship between Pentecostal hermeneutics and Pentecostalism's ability to connect with and evangelize North American youth As a Postmodern ethos makes its presence increasingly felt in the Western world no

Christian movement should be better positioned to bring the message of Christ to youth and young adults eager to experience the God of Miracles and wonders. Recent trends in Pentecostal hermeneutics however may actually make the task more difficult. No historical movement has thrived in the long term that has not carefully considered the vision for the forefront of youth ministry in the last several decades; we must also connect Pentecostal academia with evangelism efforts among youth and young adults. This work calls Pentecostal scholars to thoughtfully consider the implications of their work for future generations.

**God, Harlem U.S.A.** Jill Watts, 1992-01-10. How did an African American man born in a ghetto in 1879 rise to such religious prominence that his followers addressed letters to him simply God Harlem U S A? Using hitherto unknown materials, Jill Watts portrays the life and career of one of the twentieth century's most intriguing religious leaders, Father Divine. Starting as an itinerant preacher, Father Divine built an unprecedented movement that by the 1930s had attracted followers across the nation and around the world. As his ministry grew, so did the controversy surrounding his enormous wealth, flamboyant style, and committed angels, black and white, rich and poor alike. Here for the first time a full account of Father Divine's childhood and early years challenges previous contentions that he was born into a sharecropping family in the deep South. While earlier biographers have concentrated on Father Divine's social and economic programs, Watts focuses on his theology, which gives new meaning to secular activities that often appeared contradictory. Although much has been written about Father Divine, *God Harlem U S A* finally provides a balanced and intimate account of his life's work.

**What's So Liberal about the Liberal Arts?** Paul W. Lewis, Martin William Mittelstadt, 2016-04-27. FRAMEWORKS is a series dedicated to interdisciplinary studies on the integration of faith and learning. Given Jesus' command to love God with heart, soul, mind, and strength, the time is ripe for confessional scholarship and education across the disciplines. We implore God's Spirit to change us through the great works of history and literature alongside developments in science, psychology, and economics, and all of this through intense engagement with the Scriptures. We want to celebrate God's work across the disciplines. We seek the likes of psychologists in conversation with philosophers, ethicists with historians, biblical scholars with rhetoricians, scientists with economists, environmentalists with neurologists. As these conversations continue across the disciplines, the framework from which to draw our individual and collective testimonies will only enlarge. We invite you to think, behave, preach, sing, pray, research, and indeed to live this multi-faceted journey with us. If indeed our stories are never complete, we invite future contributors and readers to join us in pursuit of deeper personal and collective transformation.
