Critical Thinking Activities

- Definition should include caring for the sick, promoting wellness, providing health teaching, giving emotional support, and attending to psychosocial concerns. Each person's definition will be different.
- Make a list of the group's ideas. Areas to include are assessing patients, choosing nursing diagnoses, stating expected outcomes, planning interventions to meet the outcomes, directly implementing the actions, and evaluating the outcome of the plan. Other ways could be quality assurance activities on the nursing unit; attending continuing education presentations or reading journals; assisting students or new nurses on the unit; maintaining an ethical manner (not divulging confidential information); collaborating with the dietitian, physician, respiratory therapist, or physical therapist on the patient's plan of care; considering cost-effective ways to implement care; and applying research findings to care.
