This edition features grammar exercises and games at the end of each chapter with answers at the end of the book. Victor Frankenstein dabbles with forces he cannot understand when he creates a monster at University in Geneva and brings it to life. Mary Shelley's classic monster story has delighted readers and film fans for many years. This version of the story has been specially adapted for kids from nine to twelve years old. The language and vocabulary are easy and emphasis is on action using past, present, and future simple tenses. Punctuation meets UK or USA ESL CEFR IELTS Level B2 in most cases, although there are some 19th Century features of the text which do not comply and have been left intact to preserve the charm of Mary Shelley's text. The vocabulary in this book is slightly harder than for *The Mysterious Affair at Styles* and *The Secret Adversary*. You should try those books first if you are not familiar with words like the following: truthfulness, occupied, unimaginable, commenced, mechanism. Lazlo Ferran is a fully qualified English teacher and teaches in London. He has also published more than twenty novels, making him the ideal choice to adapt Mary Shelley's stories for children. Vocabulary Stretcher and UK or USA ESL CEFR Level B2 editions are also available. Paperback editions also available on Amazon Classics. Adapted by a Qualified Teacher. The Naked And The Undead Cynthia Freeland, 2018-03-05 Horror is often dismissed as mass art or lowbrow entertainment that produces only short term thrills Horror films can be bloody gory and disturbing so some people argue that they have bad moral effects inciting viewers to imitate cinematic violence or desensitizing them to atrocities In *The Naked and the Undead* Evil and the Appeal of Horror Cynthia A Freeland seeks to counter both aesthetic disdain and moral condemnation by focusing on a select body of important and revealing films demonstrating how the genre is capable of deep philosophical reflection about the existence and nature of evil both human and cosmic In exploring these films the author argues against a purely psychoanalytic approach and opts for both feminist and philosophical understandings She looks at what it is in these movies that serves to elicit specific reactions in viewers and why such responses as fear and disgust are ultimately pleasurable The author is particularly interested in showing how gender figures into screen presentations of evil The book is divided into three sections Mad Scientists and Monstrous Mothers which looks into the implications of male rationalistic scientific technology gone awry The Vampire's Seduction which explores the attraction of evil and the human ability or inability to distinguish active from passive subject from object and virtue from vice and Sublime Spectacles of Disaster which examines the human fascination with horror spectacle This section concludes with a chapter on graphic horror films like *The Texas Chainsaw Massacre* Written for both students and film enthusiasts the book examines a wide array of films including *The Silence of the Lambs* *Repulsion* *Frankenstein* *The Fly* *Dead Ringers* *Alien* *Bram Stoker's Dracula* *Interview with the Vampire* *Frenzy* *The Shining* *Eraserhead* *Hellraiser* and many others
