Olney, Irene-Angelica Chounta, Zitao Liu, Olga C. Santos, Ig Ibert Bittencourt, 2024-07-01 This volume constitutes poster papers and late breaking results presented during the 25th International Conference on Artificial Intelligence in Education AIED 2024 which took place in Recife Brazil during July 8 12 2024 The 18 full papers and 92 short papers were carefully reviewed and selected from 200 submissions They are organized in topical sections as follows Part One Blue Sky Industry Innovation and Practitioner Wide AIED and Late Breaking Results Part Two Late Breaking Results Doctoral Consortium Workshops and Tutorials Assessing Student Learning Linda Suskie, 2010-07-30 The first edition of Assessing Student Learning has become the standard reference for college faculty and administrators who are charged with the task of assessing student learning within their institutions The second edition of this landmark book offers the same practical guidance and is designed to meet ever increasing demands for improvement and accountability This edition includes expanded coverage of vital assessment topics such as promoting an assessment culture characteristics of good assessment audiences for assessment organizing and coordinating assessment assessing attitudes and values setting benchmarks and standards and using results to inform and improve teaching learning planning and decision making **Assessing Complex General Education Student Learning Outcomes** Jeremy D. Penn, 2011-03-29 A valuable source of clear simple guidance on how to assess general education student learning outcomes Based on an exhaustive review of the scholarship as well as the input of numerous academics at learning institutions around the country this volume in the acclaimed New Directions for Institutional Research series provides faculty members and assessment teams with the tools they need to assess general education student learning outcomes While Part 1 provides a broad overview of the subject Part 2 delves into the six key general education learning outcomes namely critical thinking quantitative reasoning intercultural competence teamwork civic knowledge and engagement and integrative and applied learning *Improving Student Learning at Scale* Keston H. Fulcher, Caroline Prendergast, 2023-07-03 This book is a step by step guide for improving student learning in higher education The authors argue that a fundamental obstacle to improvement is that higher educators administrators and assessment professionals do not know how to improve student learning at scale By this they mean improvement efforts that span an entire program affecting all affiliated students The authors found that faculty and administrators particularly struggle to conceptualize and implement multi section multi course improvement efforts It is unsurprising that ambitious wide reaching improvement efforts like these would pose difficulty in their organization and implementation This is precisely

the problem the authors address The book provides practical strategies for learning improvement enabling faculty to collaborate and integrating leadership social dynamics curriculum pedagogy assessment and faculty development In Chapter 2 the authors tell a program level improvement story from the perspective of a faculty member Chapter 3 inverts Chapter 2 Beginning from the re assess stage the authors work their way back to the individual faculty member first pondering whether she can do something to impact students skills They peel back each layer of the process and imagine how learning improvement efforts might be thwarted at each stage Chapters 4 through 9 dig deeper into the learning improvement steps introduced in Chapters 2 and 3 Each chapter provides strategies to help higher educators climb each step successfully Chapter 10 paints a picture of what higher education could look like in 2041 if learning improvement were embraced And finally Chapter 11 describes what you can do to support the movement

Assessing Student Learning by Design Jay McTighe, Steve Ferrara, 2021 How can we help teachers use classroom assessments to gather appropriate evidence for all valued learning goals and to use those assessments not just to measure learning but to promote it This book provides an answer in a practical proven and principled Assessment Planning Framework that moves away from solely multiple choice tests toward a wide range of approaches to classroom assessment activities including performance based assessments The Framework examines four different types of learning goals considers various purposes and audiences for assessment information reviews five categories of classroom assessment methods and presents options for communicating actionable results To the authors the primary purpose of classroom assessment is to inform teaching and learning rather than simply to assign grades This concise resource will be a reliable go to reference for teachers school leaders mentors and coaches in guiding classroom assessment practices and understanding their underlying principles

Book Features Builds on the classic book Understanding by Design written by Grant Wiggins and Jay McTighe Offers a practical nontechnical presentation appropriate for teacher preparation and busy practitioners K 16 Explores different purposes for and methods of classroom assessment and grading Addresses assessment of academic standards as well as transdisciplinary outcomes such as 21st century skills Describes the principles and practices underlying standards based grading
