Magner, 2002-08-13 A clear and concise survey of the major themes and theories embedded in the history of life science this book covers the development and significance of scientific methodologies the relationship between science and society and the diverse ideologies and current paradigms affecting the evolution and progression of biological studies The author discusses cell theory embryology physiology microbiology evolution genetics and molecular biology the Human Genome Project and genomics and proteomics Covering the philosophies of ancient civilizations to modern advances in genomics and molecular biology the book is a unique and comprehensive resource **Breaking with Athens** Christopher A. Colmo, 2005-03-28 In this controversial new book Christopher A Colmo offers a view of the 10th century Arab philosopher Alfarabi that draws attention to a previously unremarked aspect of his philosophic project Colmo argues that as a philosopher Alfarabi felt compelled to question the philosophic tradition as deeply as he might question religious tradition and this he did with such power and brilliance that the result was a new philosophic perspective With unique access to both Islamic and pagan philosophical traditions Alfarabi took the side of Greek philosophy as representative of human reason and defended its

ultimate autonomy However Alfarabi went further moving away from Plato and Aristotle s vision of philosophy as divine to an understanding of philosophy in a way that allowed it to be seen as knowledge and action in the service of human power and happiness Alfarabi offers a powerful new answer to the question why philosophy His subtle defense of and debate with the ancients raises questions of hermeneutics as well as substantive questions of philosophy politics and theology Breaking With Athens sheds new light on Alfarabi s enduring answers to perennial questions making it essential for students of philosophy political science theology and the history of ideas *Honest Answers* Janelle Alberts,Ingrid Faro,2020-03-24 Somewhere between Jesus Loves Me and high school cynicism the childlike acceptance of pat answers about faith is lost often forever But while many parents find this transitional period daunting they don t want their kids to leave the Christian faith just because they didn t get good answers to how prayer works or whether dinosaurs were on Noah s ark *Honest Answers* is a discussion book to help parents tackle the God questions that make them sweat This isn t the place to come for pat answers that will make their kids nod smile and disconnect Janelle Alberts and Ingrid Faro know that when tweens start asking questions they re already old enough to understand the answers They re determined to equip parents with the language theology permission and confidence to join in the discussion and to learn how to offer deeply doctrinal answers in 140 characters or less The tween years present an incredible opportunity to build trust with kids and to keep them coming back to their parents for answers rather than finding other sources With the tools and conversational tips here mom and dad can engage in a hopeful conversation and help their children build a Christian faith to hold them steady their whole lives **Telecourse for the**
