**Economics Today--the Micro View** Roger LeRoy Miller, 1991 **Economics Today** Lial, Roger LeRoy Miller, Hornsby, Nancy W. Clegg, 1999 *Understanding Economics Today* Gary M. Walton, Frank C. Wykoff, 1989 *Understanding Economics Today* focuses on vital issues pertinent to current and perspective participants in the U S and global economy This popular long tested text applies basic economic reasoning to build understanding of how our complex commercial society operates Economic principles both micro and macro are learned through repeated applications to real world events The emphasis on the power of economic reasoning rather than laborious technical jargon positively motivates both students and teachers **Innovations in Economic Education** Mary Beth Henning, 2016-11-25 *Innovations in Economic Education* addresses the growing issue of financial illiteracy by showing how economics can be successfully integrated into classrooms from kindergarten through higher education Pre service teachers experienced educators curriculum leaders parents and school administrators will find practical ideas to improve economic understanding At the elementary level the book provides creative ways of introducing young students to the basic concepts of economics financial justice and social action For higher grade levels the book offers ideas to integrate economics into current history civics and math curricula The final portion of the book features recommendations by leading economic educators on how economics can play a greater role in teachers professional development The pedagogical tools presented in each chapter include lesson plans and practical insights and are designed to meet the NCSS C3 Framework and Common Core State Standards for Social Studies This book is a timely and valuable resource for all educators interested in improving their students economic literacy and financial decision making *The New Environmental Economics* Eloi Laurent, 2020-01-13 Too often economics disassociates humans from nature the economy from the biosphere that contains it and sustainability from fairness When economists do engage with environmental issues they typically reduce their analysis to a science of efficiency that leaves aside issues of distributional analysis and justice The aim of this lucid textbook is to provide a framework that prioritizes human well being within the limits of the biosphere and to rethink economic analysis and policy in the light of not just efficiency but equity Leading economist loi Laurent systematically ties together sustainability and justice issues in covering a wide range of topics from biodiversity and ecosystems energy and climate change environmental health and environmental

justice to new indicators of well being and sustainability beyond GDP and growth social ecological transition and sustainable urban systems This book equips readers with ideas and tools from various disciplines alongside economics such as history political science and philosophy and invites them to apply those insights in order to understand and eventually tackle pressing twenty first century challenges It will be an invaluable resource for students of environmental economics and policy and sustainable development      **Resources in Education** ,1999-10      Marxian Economics David F. Ruccio,2022-07-21

More and more people have turned to Marxian economics in recent years But isn t it a defunct branch of the dismal science disproven by the experience of the past 150 years of no interest to anyone except historians In this book David Ruccio demonstrates why the answer to that question is a resounding no He offers a clear and accessible introduction to the basic concepts and theoretical strategies of Marxian economics its key differences from mainstream economics and its many applications to the real world Focusing on Marx s critique of both mainstream economic theory and capitalism Ruccio extends that analysis to contemporary topics from inequality and economic crises to racial capitalism and the climate crisis and outlines the key debates among Marxian economists He concludes with a discussion of the ways Marxian economists today think about the possibility of moving beyond capitalism The book is suitable for students and professors as well as readers outside the academy interested in learning about Marxian economics It will be useful both as a stand alone text and as a companion to reading Capital      Outclassed Joan C. Williams,2025-05-20 An eye opening urgent call to mend the broken relationship between college and non college grads of all races that is driving politics to the far right in the US Is there a single change that could simultaneously protect democracy spur progress on climate change enact sane gun policies and improve our response to the next pandemic Yes changing the class dynamics driving American politics The far right manipulates class anger to undercut progressive goals and liberals often inadvertently play into their hands In Outclassed Joan C Williams explains how to reverse that process by bridging the diploma divide while maintaining core progressive values She offers college educated Americans insights into how their values reflect their lives and their lives reflect their privilege With illuminating stories from the Portuguese admiral who led that country s COVID response to the lawyer who led the ACLU s gay marriage response and more Williams demonstrates how working class values reflect working class lives Then she explains how the far right connects culturally with the working class deftly manipulating racism and masculine anxieties to deflect attention from the ways far right policies produce the economic conditions disadvantaging the working class Whether you are a concerned citizen committed to saving democracy or a politician or social justice warrior in need of messaging advice Outclassed offers concrete guidance on how liberals can forge a multi racial cross class coalition capable of delivering on progressive goals      *Climate Preservation in Urban Communities Case Studies* Woodrow W. Clark II,2018-11-12 Climate Preservation in Urban Communities Case Studies delivers a firsthand applied perspective on the challenges and solutions of creating urban communities that are adaptable and resilient to climate change The book presents

valuable insights into the real life challenges and solutions of designing planning and constructing urban sustainable communities providing real world examples of innovative technologies that contribute to the creation of sustainable healthy and livable cities Examples of successes failures and solutions are presented based on a cross disciplinary approach for infrastructural systems including discussions of drinking water wastewater power systems broadband Wi Fi transportation and green buildings technologies Presents a cross disciplinary approach for anticipating mitigating and designing effective infrastructure solutions Includes practical and project proven best practices in applying climate preservation tools to maintain healthy cities Covers green practices from architecture to construction also including international codes methods and legal frameworks

**Rent** Joe Collins, 2021-12-07 The problem of rent is at the root of vital social concerns in the twenty first century ranging from the climate emergency and spiralling economic inequality to the repercussions of global economic crises But while many of us may be familiar with rent especially paying it how should we really understand it Examining both concrete contexts and complex concepts in this book Joe Collins provides a comprehensive but concise survey of the theories and debates over rent and rentier capitalism He examines global gentrification from S o Paolo to Dublin the tyranny of technology from Taipei to San Francisco and the excesses of extractivism from Sekondi to Karratha In doing so he reveals how rent is fundamental to the current dominant form of capitalist social organization across the globe and how we can prevent the next generation from seeing our societies rent asunder An essential resource for students and scholars alike this groundbreaking book will be of interest to anyone working on capitalism property political economy economic sociology and contemporary politics
