**Government** David A. Powner, 2010-08 The Federal Funding Accountability and Transparency Act of 2006 FFATA is intended to increase the transparency of and accountability for the over 1 trillion that federal agencies award each year in contracts loans grants and other awards The act required the OMB to establish no later than Jan 1 2008 a publicly accessible Web site containing data on federal awards This report determined the extent to which 1 OMB is complying with FFATA requirements to make federal award data available 2 federal agencies are reporting required award data and 3 inconsistencies exist between data on the Web site and records at federal agencies Includes recommendations Illustrations Doing Harm Roy J. Eidelson, 2023-09-05 Doing Harm pries open the black box on a critical chapter in the recent history of psychology the field's enmeshment in the so called war on terror and the ensuing reckoning over do no harm ethics during times of threat Focusing on developments within the American Psychological Association APA over two tumultuous decades Roy Eidelson exposes the challenges that professional organizations face whenever powerful government agencies turn to them for contributions to ethically fraught endeavours In the months after 9 11 it became clear that the White House the Department of Defense and the Central Intelligence Agency were prepared to ignore well established international law and human rights standards in prosecuting the war on terror It was less clear however that some of Eidelson's fellow psychologists would become part of the abusive and torturous operations at overseas CIA black sites and Guantanamo Bay Nor was it initially clear that this ruthless enterprise would garner acquiescence and support from the APA's leadership Doing Harm examines how and why the APA failed to join human rights groups in efforts to constrain the US government's unbridled pursuit of security and retribution It recounts an ongoing struggle one that has pitted APA leaders set on preserving strong ties to the military intelligence establishment against dissident voices committed to prioritizing do no harm principles **2016 Catalog of Federal Domestic Assistance** United States. Congress. Senate. Office of Management and Budget. Executive Office of the President, 2016 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs *Manual on International Courts and Tribunals* Ruth Mackenzie, Cesare P. R. Romano, Yuval Shany, Philippe Sands, 2010 The dramatic rise in the number of international courts and tribunals and the expansion of their legal powers has been one of the most significant developments in international law of the late 20th century The emergence of an international judiciary provided international law with a stronger than ever law enforcement apparatus and facilitated the transformation of many aspects of international relations from being power based to being law based The first edition of the Manual on International Courts and Tribunals published in 1999 was the first book to survey systematically this new institutional landscape by describing in an accessible and uniformly structured manner the legal powers and operating procedures of all major international judicial and quasi judicial bodies In doing so it laid the groundwork for comparative study and research of the law and practice of international courts and tribunals an emerging field of international legal research which has already spurred a series of publications conferences and academic courses

This second edition updates the first edition by describing the many legal changes that have taken place in the last decade including important reforms in the laws and procedures of many international courts and tribunals relevant developments in their increasingly rich jurisprudence and the creation of new judicial fora Moreover it assesses the overall record of these judicial bodies The data and legal analysis offered in the book provide both practitioners and academics with an important basis of knowledge that will help them better understand the details of international adjudication and its context **The E-portfolio Paradigm** Nicole A. Buzzetto-More,2010 **Business Management and Environmental Stewardship** Robert Staib,2009-04-02 Considers not only the environmental outcomes of an individual business but also its contribution to its business sector and the natural environment Author from Macquarie University Australia
