ministry delves into the Bible's tremendous financial wisdom in this study guide for Christians who want to know more about what God says about money and apply this wisdom to their lives. Whether individually as a couple or in a small group, this book will help you to learn how to analyze Bible verses to understand what the Lord says about money in areas such as stewardship, generosity, caring for the poor, debt, lending, saving, investing, tithing, wealth, and contentment. Understand how God wants Christians to approach money in daily life, save and invest money as you strive to help others and cultivate a closer relationship with God. What the Bible teaches about money applies to everyone regardless of financial circumstances. Put biblical wisdom to work for you and your loved ones with the practical insights in this guide to managing money.

Commercial Management of Projects David Lowe, Roine Leiringer, 2008-04-15. This is the first book to establish a theoretical framework for commercial management. It argues that managing the contractual and commercial issues of projects from project inception to completion is vital in linking operations at the project level and the multiple projects portfolios programmes level to the corporate core of a company. The book focuses on commercial management within the context of project-oriented organisations, for example aerospace construction, IT, pharmaceutical and telecommunications in the private and public sectors. By bringing together contributions from leading researchers and practitioners in commercial management, it presents the state of the art in commercial management, covering both current research and best practice. Commercial Management of Projects, defining the discipline, covers the external milieu, competition, culture, procurement systems, the corporate milieu, corporate governance, strategy, marketing, trust, outsourcing, the projects milieu, management of uncertainty, conflict management and dispute resolution, performance measurement, value management and the project milieu, project governance, contract management, bidding, purchasing, logistics and supply cost, value reconciliation. Collectively, the chapters constitute a step towards the creation of a body of knowledge and a research agenda for commercial management.
