

### Safety First

#### Safe Operating Rules: VRSC Models

---

Before operating your new motorcycle it is your responsibility to read and follow the operating and maintenance instructions in this manual, and follow these basic rules for your personal safety.

- Know and respect the rules of the road (see RULES OF THE ROAD section). Carefully read and observe the rules contained in the RIDING TIPS booklet accompanying this Owner's Manual. Read and familiarize yourself with the contents of the MOTORCYCLE HANDBOOK for your state.
- Before starting engine, check for proper operation of brake, clutch, shifter, throttle controls, correct fuel and oil supply.

#### WARNING

Do not use aftermarket parts and custom made front forks which can adversely affect performance and handling. Removing or altering factory installed parts can adversely affect performance and could result in death or serious injury. (00001a)

- Use only Harley-Davidson approved parts and accessories. Use of certain other manufacturer's performance parts will void your new motorcycle warranty. See your Harley-Davidson dealer for details.

#### WARNING

Stop the engine when refueling or servicing the fuel system. Do not smoke or allow open flame or sparks near gasoline. Gasoline is extremely flammable and highly explosive, which could result in death or serious injury. (00002a)

#### WARNING

Do not remove radiator filler cap when engine is hot. The cooling system is under pressure and hot coolant and steam can escape, which could cause severe burns. Allow engine to cool before servicing the cooling system. (00091a)

#### CAUTION

At operating temperature, the radiator and oil cooler contain hot fluids. Contact with the radiator or oil cooler can result in minor or moderate burns. (00141a)

# 2006 Owner Manual Vrod

**Vahid Jafari-Sadeghi, Hannan Amoozad  
Mahdiraji, Léo-Paul Dana**

## **2006 Owner Manual Vrod:**

*Reports of Cases Decided in the Appellate Division of the Supreme Court, State of New York* New York (State). Supreme Court. Appellate Division, Marcus Tullius Hun, Jerome B. Fisher, Austin B. Griffin, Edward Jordan Dimock, Louis J. Rezzemini, Leland F. Coss, James M. Flavin, 2012 *Cycle World Magazine*, 2005-01 **WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 2007** Causey Enterprises, LLC, **WALNECK'S CLASSIC CYCLE TRADER, APRIL 2008** Causey Enterprises, LLC, *WALNECK'S CLASSIC CYCLE TRADER, MAY 2005* Causey Enterprises, LLC, *Harley-Davidson Buyer's Guide*, **Reports of cases decided in the Appellate Division of the Supreme Court of the State of New York. 3d series**, 2008 *Concrete Construction Engineering Handbook* Edward G. Nawy, 2008-06-24 The Concrete Construction Engineering Handbook Second Edition provides in depth coverage of concrete construction engineering and technology It features state of the art discussions on what design engineers and constructors need to know about concrete focusing on The latest advances in engineered concrete materials Reinforced concrete construction Specialized construction techniques Design recommendations for high performance With the newly revised edition of this essential handbook designers constructors educators and field personnel will learn how to produce the best and most durably engineered constructed facilities **Newborn Screening Systems** Carlie J. Driscoll, Bradley McPherson, 2010-02-15 **Grand Theft Childhood** Lawrence Kutner, Cheryl Olson, 2008-04-15 Listening to pundits and politicians you'd think that the relationship between violent video games and aggressive behavior in children is clear Children who play violent video games are more likely to be socially isolated and have poor interpersonal skills Violent games can trigger real world violence The best way to protect our kids is to keep them away from games such as Grand Theft Auto that are rated M for Mature Right Wrong In fact many parents are worried about the wrong things In 2004 Lawrence Kutner PhD and Cheryl K Olson ScD cofounders and directors of the Harvard Medical School Center for Mental Health and Media began a 1.5 million federally funded study on the effects of video games In contrast to previous research their study focused on real children and families in real situations What they found surprised encouraged and sometimes disturbed them their findings conform to the views of neither the alarmists nor the video game industry boosters In *Grand Theft Childhood The Surprising Truth about Violent Video Games and What Parents Can Do* Kutner and Olson untangle the web of politics marketing advocacy and flawed or misconstrued

studies that until now have shaped parents concerns Instead of offering a one size fits all prescription Grand Theft Childhood gives the information you need to decide how you want to handle this sensitive issue in your own family You ll learn when and what kinds of video games can be harmful when they can serve as important social or learning tools and how to create and enforce game playing rules in your household You ll find out what s really in the games your children play and when to worry about your children playing with strangers on the Internet You ll understand how games are rated how to make best use of ratings and the potentially important information that ratings don t provide Grand Theft Childhood takes video games out of the political and media arenas and puts parents back in control It should be required reading for all families who use game consoles or computers Almost all children today play video or computer games Half of twelve year olds regularly play violent Mature rated games And parents are worried I don t know if it s an addiction but my son is just glued to it It s the same with my daughter with her computer and I can t be watching both of them all the time to see if they re talking to strangers or if someone is getting killed in the other room on the PlayStation It s just nerve racking I m concerned that this game playing is just the kid and the TV screen how is this going to affect his social skills I m not concerned about the violence I m concerned about the way they portray the violence It s not accidental it s intentional They re just out to kill people in some of these games What should we as parents teachers and public policy makers be concerned about The real risks are subtle and aren t just about gore or sex Video games don t affect all children in the same way some children are at significantly greater risk You may be surprised to learn which ones Grand Theft Childhood gives parents practical research based advice on ways to limit many of those risks It also shows how video games even violent games can benefit children and families in unexpected ways In this groundbreaking and timely book Drs Lawrence Kutner and Cheryl Olson cut through the myths and hysteria and reveal the surprising truth about kids and violent games
