365 Things To Make You Go Hmmm... Sparky Teaching, 2014-06-20 This book gives teachers ways to provoke thought and start discussion something schemes of work don't always allow time for With a curriculum that is getting increasingly content heavy it's important for teachers to look to develop thinking skills where they can 365 Things to make you go hmm provides one opportunity a day through questions tasks to develop skills like creative thinking a sense of wonder logic and decision making By getting pupils talking classroom communities are built Skills include creative thinking mathematical thinking problem solving critical thinking personal inter personal skills a sense of wonder curiosity about the world For use by teachers from KS1 through to secondary teachers Of Teaching, Learning and Sherbet Lemons Nina Jackson, 2015-06-18 Education is like a sherbet lemon we need the structures and systems the hard exterior but we can easily lose sight of the magic that is at the heart of this the teaching and learning the fizz in the centre Nina Jackson's mission in *Of Teaching Learning and Sherbet Lemons* is to put the fizz back into classrooms by solving some of the toughest dilemmas facing teachers You know the child in the class who never asks that burning question because they worry it might make them look silly even if everyone else is thinking the same thing Sometimes teachers can be like that child And they don't know where to turn to get the answers That is where Nina comes in The teachers questions in *Of Teaching Learning and Sherbet Lemons* have been anonymised but Nina's answers will resonate with teachers everywhere offering support and practical advice Nina doesn't have a magic wand but what she does have is years of experience honesty and a commitment to help everyone be the best they can be After all second best just won't do Whether you are wondering about difficulties and disagreements with colleagues pushy parents promotion and ambition or losing the love for teaching Nina has plenty of tips and advice There is wise guidance on what to do when learners keep shouting out or chit chatting or won't say anything Nina also shares her valuable insights into inclusion and learning differences including dyslexia dyspraxia dysgraphia ADD and ADHD stutters and stammers as well as addressing the sensitive issues of bereavement and self harm Topics covered also include learner engagement and motivation group work learning styles spoon feeding feedback unveiling learners skills and talents music in the classroom transition from primary to secondary school digital leaders action research school councils and INSET days Suitable for all teachers from NQTs to experienced teachers across all subject specialisms and phases from primary to higher education *A Fractured Past* Tony Holland, 2020-02-28 This is a true life account of what it was like growing up a young black gay man in the largest Southeastern city in the Bible Belt Atlanta Georgia 1960s and 1970s a city that was the focal point of growth in the Southeastern United States that then just as today was saddled with trying to grow into a world class city while attempting to minimize or even hide its shameful undercurrent of racism sexism classism and overall prejudice It was and is a very conservative place at its core In the early days in Atlanta when I was growing up the African American community definitely felt it had something to prove What with being the centerpiece of the civil rights

movement the community recognized that this was an opportunity for its black citizens to make a true stand for an independence and growth that was denied elsewhere in our nation as a whole We were onstage and the entire nation knew it To that end the church played a very big part in the development of the community From my first realization that I had same sex interests there was no doubt that to disclose that fact with anyone would at the very least cause me to be ostracized The pain and conflict that this caused me was nearly unbearable and was the catalyst that gave direction to much of my life from puberty on Much has been written about this period in Atlanta from the racial angle There has also been a great deal written about the early years of gay liberation in Atlanta However I ve never encountered writings that adequately equated or depicted the relationship of both In this book I will attempt to give one man s account of what it was really like trying to straddle both worlds and keep them from crashing into each other for I was sure that were that to happen it would have guaranteed my personal destruction Ironically what I found was that danger to me existed in both communities Though coming from different directions in many ways the dangers were very similar

Scum Valley Matthew Ellks,2014-05-01 This book follows the local boardriding culture through a period of decadence and high times It is the first book of a trilogy about the challenges that faced the subterranean surfing culture as it began losing its heritage to the yuppies who took advantage of negative gearing in the late 80s and started buying up Bondi As property values and rates climbed school enrollments fell and so started the decline of the working class folk of Scum Valley Us surfers used to call the beach Scum Valley because of the old stink pipe at north that used to pump raw sewerage out into the ocean for us to surf in We valued street credibility above all else and the community was very tight considering it s close location to such underworld locations as Kings Cross Darlinghurst and the CBD in general Being a city beach meant that a colourful cross section of characters graced our town with the millions of other tourists and beach goers The story has a David and Goliath twist to it as a rich kid waltzes into town and sets up a surf shop and begins winning friends and influencing people A staunch local named Dan has a run in with him and so starts a feud that lasts for a decade Span of the 3 books Dan eventually opens his own shop and the fallout between rival surf shop clubs sends ripples through the beach It divides opinions and sets a precedent for ongoing battles that are fought in the streets and in the water **Congressional**
