

Names:

A simile (pronounced: SĪ-mĭ-lĕ) is a figure of speech that compares two things that are not normally alike. Many similes use the words like or as. How many similes are in this poem?

Similes

By Bill Ruffo

Black as words on printed pages,
Sad like tigers locked in cages,
Long as thread unrolled from spools,
Straight like legs on wooden stools,
Quiet as a school at night,
Happy like a bird in flight,
Tight as fuzzy skin on peaches,
White like dunes of sand on beaches,
Cold as scoops of frozen peas,
Fun like writing similes.

Taylor Mali's Metaphor Dice for years to explore and revel in the formulaic nature of metaphors. The game gives you a collection of three different concepts or language tools that create a metaphor and it is up to the poet to fill in the rest of the poem based on their roll. Some metaphors work and some don't. Some are immediately hilarious while others slowly reveal themselves to be astonishingly insightful. Poetry By Chance is the first collection of poems that were all prompted by different rolls of Metaphor Dice featuring submitters from the inaugural Golden Die Contest. After reading through this collection you can't help but see the power of metaphor in understanding the world around us. In this anthology there is no singular poetic style or voice but rather a collection of unique voices and perspectives for each roll. With some deeply personal and some widely universalizing, one thing is clear: these poems are the brainchild of an ingenious yet simple writing tool. **Language Arts, Grade 4**, 2015-06-16
