

## **Disertación de la película criada y señoras**

**Criadas y señoras es una película excelentemente ambientada en los años 60 y nos recuerda que no hace tanto las distancias que había entre negros y blancos eran enormes. A pesar de que la esclavitud estaba abolida, seguía existiendo una claro menosprecio por la raza negra.**

**La película nos hace pensar y meditar sobre el trato que sufrían los negros y todo lo que tuvieron que ganar con mucha lucha. La cinta cuenta con unos excelentes secundarios que nos traslada de lleno a esa época, con las diferencias existentes entre blancos ricos y servidumbre de color.**

**Criadas y señoras es un canto a la rebeldía, al valor, al coraje, a la justicia, a la creencia en los derechos humanos, es, en otros términos, un grito de esperanza. A pesar de que la esclavitud ya paso todavía se mira el racismo entre negros y blancos, ya que en esta película nos deja un bonito mensaje que tratemos de pensar un momento lo que estamos haciendo ya que herimos a las demás personas, esto es una muestra más a que tratemos de cambiar y miremos el lado bueno, esta historia es conmovedora porque las mujeres afro crían esas muchachas con amor para que cuando crezcan las "pisoteen" la cara y las miren mal y no las valoren por su color, pero hubo una que miro con otros ojos y las trataba y las valoraba de otra manera eso estuvo bien hecho, se trataba de una escritora que es la mejor amiga de Aibileen, Aibileen le rebela sus pensamientos contra esa mujeres racistas blancas.**

**Pero lo peor de esto es que algunas personas todavía piensen de esa forma a que tengan "asco" a las mujeres afro colombianas somos personas de carne y hueso pensamos distinto si pero eso no es para que nos**

**Speculation** Gayle Rogers, 2021-07-06 In the modern world why do we still resort to speculation Advances in scientific and statistical reasoning are supposed to have provided greater certainty in making claims about the future Yet we constantly spin out scenarios about tomorrow for ourselves or for entire societies with flimsy or no evidence Insubstantial speculations from utopian thinking to high risk stock gambles often provoke fierce backlash even when they prove prophetic for the world we come to inhabit Why does this hypothetical way of thinking generate such controversy In this cultural literary and intellectual history Gayle Rogers traces debates over speculation from antiquity to the present Celebrated by Boethius as the height of humanity's mental powers but denigrated as sinful by John Calvin speculation eventually became central to the scientific revolution's new methods of seeing the natural world In the nineteenth century writers such as Jane Austen used the concept to diagnose the marriage market redefining speculation for the purpose of social critique Speculation fueled the development of modern capitalism spurring booms busts and bubbles and recently artificial intelligence has automated the speculation previously done by humans with uncertain and troubling consequences Unraveling these histories and many other disputes Rogers argues that what has always been at stake in arguments over speculation and why it so often appears so threatening is the authority to produce and control knowledge about the future Recasting centuries of contests over the power to anticipate tomorrow this book reveals the crucial role speculation has played in how we create and potentially destroy the future *The Routledge International Handbook of Automated Essay Evaluation* Mark D.
