of decline and demise makes essential at long last a realistic treatment of Jesus of Nazareth As an Italian by birth and upbringing the author was early baptized into the Catholic Church Then his mother died at age 43 He was 15 years old himself at the time and didn't know how to reconcile the notion of a good just loving God with such a tragedy Seeking to know whether the Jesus of the written records can withstand the scrutiny of the sciences and history he eventually found what is the most probative way of examining Jesus a task that forms the core of this book A very long time ago humans had little more than faith to guide them Chris does not write for that mindset but aims to entertain other methods of understanding what we call reality with the sciences philosophy and history as our guides He hopes that their rigor will appeal to those who remain intellectually curious and open minded
