

316 Mining Gold Rush Jobs

Gregory Crouch

316 Mining Gold Rush Jobs:

The Bonanza King Gregory Crouch, 2018-06-19 A monumentally researched biography of one of the nineteenth century's wealthiest self-made Americans. Well-written and worthwhile. The Wall Street Journal calls it "the rags to riches frontier tale of an Irish immigrant who outwits outworks and outmaneuvers thousands of rivals to take control of Nevada's Comstock Lode." Born in 1831, John W. Mackay was a penniless Irish immigrant who came of age in New York City, went to California during the Gold Rush, and mined without much luck for eight years. When he heard of riches found on the other side of the Sierra Nevada Mountains in 1859, Mackay abandoned his claim and walked a hundred miles to the Comstock Lode in Nevada. Over the course of the next dozen years, Mackay worked his way up from nothing, thwarting the pernicious Bank Ring monopoly to seize control of the most concentrated cache of precious metals ever found on earth: the legendary Big Bonanza, a stupendously rich body of gold and silver ore discovered 1,500 feet beneath the streets of Virginia City, the ultimate Old West boomtown. But for the ore to be worth anything, it had to be found, claimed, and successfully extracted, each step requiring enormous risk and the creation of an entirely new industry. Now Gregory Crouch tells Mackay's amazing story, how he extracted the ore from deep underground and used his vast mining fortune to crush the transatlantic telegraph monopoly of the notorious Jay Gould. No one does a better job than Crouch when he explores the subject of mining, and no one does a better job than he when he describes the hardscrabble lives of miners. San Francisco Chronicle. Featuring great period photographs and maps, *The Bonanza King* is a dazzling tour de force, a riveting history of Virginia City, Nevada, the Comstock Lode, and America itself. *Congressional Record*, United States Congress, 2011. *Seeking El Dorado* Lawrence B. de Graaf, Kevin Mulroy, Quintard Taylor, 2014-07-01 From the 18th century, African Americans like many others have migrated to California to seek fortunes or, often, the more modest goals of being able to find work, own a home, and raise a family relatively free of discrimination. Not only their search but also its outcome is covered in *Seeking El Dorado*. Whether they settled in major cities or smaller towns, African Americans created institutions and organizations: churches, social clubs, literary societies, fraternal orders, civil rights organizations that embodied the legacy of their past and the values they shared. Blacks came in search of the same jobs as other Americans, but the search often proved frustrating. Throughout the 19th and 20th centuries, African American leadership in the state consistently focused on achieving racial justice. The essays in this book speak of triumph and hardship, success, discrimination, and disappointment. *Seeking El Dorado* is a major contribution to black history and the history of the American West and will be of interest to both scholars and general readers. **Before Environmental Law** Benjamin J. Richardson, 2023-10-05 This landmark open access book unveils the history of defending Australia's natural environment and examines the subject's legal and political contexts from the birth of the nation in 1901 until the advent of the so-called modern era of environmental regulation in the late 1960s. It rejects the mythology that Australia lacked environmental law before the late 1960s, revealing how many of today's environmental laws, from pollution control to

nature conservation emerged from precedents or events much earlier in the 20th century This history however reveals a discrepancy between lawmakers greater efficacy to exploit rather than protect the environment a discrepancy that grew as nature s backlash intensified in a rapidly degrading continent colonised to build the Australian nation In exploring these dynamics the book offers a rich tapestry of case studies illustrated with historic photographs that show the origins of Australia s environmental laws and how they borrowed from international precedents or furnished lessons for other nations Through its multi disciplinary enquiry the book offers scholars and students of environmental law legal history and the environmental humanities a unique story about the failures and successes in the making of environmental law The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections com

Encyclopedia of Prostitution and Sex Work Melissa Hope Ditmore,2006-08-30 The cliché is that prostitution is the oldest profession Isn t it time that the subject received a full reference treatment This major 2 volume set is the first to treat in an inclusive reference what is usually considered a societal failing and the underside of sexuality and economic survival The A to Z encyclopedia offers wide ranging entries related to prostitution and the sex industry past and present both worldwide mostly in the West and in the United States The topic of prostitution has high interest appeal across disciplines and the narrative entries illuminate literature art law medicine economics politics women s studies religion sociology sexuality film popular culture public health nonfiction American and world history business gender media education crime race technology performing arts family social work social mores pornography the military tourism child labor and more It is targeted to the general reader who will gain useful insight into the human race through time via its sex industry and prostitution An introduction overviews the scope of prostitution from the earliest historical records including the Bible User friendly lists that are alphabetically and topically arranged help the reader find entries of interest as does the comprehensive index A chronology proffers significant dates related to the topic Each entry is signed and has suggestions for further reading Sample entries Abolition Actresses Augustine Saint Barr Candy Bible Camp Followers Chamberlain Kahn Bill of 1918 Child Prostitution Clothing Contagious Diseases Acts of 1864 1866 and 1869 Crime Debby Doesn t Do It for Free Dickens Charles Devadasi Entrapment Fallen Woman Trope Feminism Films Cult Five Points Free Love Geisha Globalization Guidebooks Hip Hop HIV AIDS and the Prostitution Rights Movement Human Rights Incest Internet Jack the Ripper Kama Sutra League of Nations Lulu Male Stripping Mann Act Mayhew Henry Memoirs Migration and Mobility Nazi Germany Poetry Purity Movements R Religion Salvation Army Scapegoating Slang Storyville Temporary Marriage Unions Venice Window Prostitution Chicano Labor and Uneven Development ,1981 *California* Kevin Starr,2007-03-13 A California classic California it should be remembered was very much the wild west having to wait until 1850 before it could force its way into statehood so what tamed it Mr Starr s answer is a combination of great men great ideas and great projects The Economist From the age of exploration to the age of Arnold the Golden State s premier historian distills the entire sweep of California s

history into one splendid volume Kevin Starr covers it all Spain's conquest of the native peoples of California in the early sixteenth century and the chain of missions that helped that country exert control over the upper part of the territory the discovery of gold in January 1848 the incredible wealth of the Big Four railroad tycoons the devastating San Francisco earthquake of 1906 the emergence of Hollywood as the world's entertainment capital and of Silicon Valley as the center of high tech research and development the role of labor both organized and migrant in key industries from agriculture to aerospace In a rapid fire epic of discovery innovation catastrophe and triumph Starr gathers together everything that is most important most fascinating and most revealing about our greatest state Praise for California A fast paced and wide ranging history Starr accomplishes the feat with skill grace and verve Los Angeles Times Book Review Kevin Starr is one of California's greatest historians and California is an invaluable contribution to our state's record and lore Marla Shriver journalist and former First Lady of California A breeze to read San Francisco

Rediscovering the Golden State William A.

Selby, 2018-09-19 Now in its fourth edition Rediscovering the Golden State California Geography examines this unique state's incredibly diverse landscapes and how geography and geographic change influences everything from the state's natural systems and cycles to its agriculture and more advanced industries to human migration cultures and urban planning Exploring California through a geographic lens reveals how the field has evolved to cross traditional boundaries connect local and global issues and provide the insights that lead to practical solutions to problems new and old Challenging the reader to look beyond stereotypes and assumptions this book encourages active participation in planning the state's dynamic future And this project makes teaching and learning about the geography of California more convenient exciting and rewarding for instructors and students Going beyond a scientific analysis of natural features and environmental processes this book illustrates how social political and economic divides can be bridged through the study of geography and the connections it brings to light From geology weather and climate biogeography and hydrology we cover the state's physical geography And from demography and migration to cultures and economies to rural and urban geography we monitor the state's human geography pulse and then make the vital connections California continues to lead the nation in population economics 5th largest in the world agriculture natural and cultural diversity and a host of other categories This powerful state has earned this powerful publication This timely and versatile book will prove useful to Californians in business education government and to concerned citizens and curious readers seeking to learn more about the Golden State

An Environmental History of Canada Laurel Sefton MacDowell, 2012-07-31

Traces how Canada's colonial and national development contributed to modern environmental problems such as urban sprawl the collapse of fisheries and climate change Includes over 200 photographs maps figures and sidebar discussions on key figures concepts and cases Offers concise definitions of environmental concepts Ties Canadian history to issues relevant to contemporary society Introduces students to a new dynamic approach to the past Throughout history most people have associated northern North America with wilderness with

abundant fish and game snow capped mountains and endless forest and prairie Canada's contemporary picture gallery however contains more disturbing images deforested mountains empty fisheries and melting ice caps Adopting both a chronological and thematic approach Laurel MacDowell examines human interactions with the land and the origins of our current environmental crisis from first peoples to the Kyoto Protocol This richly illustrated exploration of the past from an environmental perspective will change the way Canadians and others around the world think about and look at Canada
