

Astral Projection

When we sleep each night, our spirits leave our bodies. Just because our bodies grow tired, doesn't mean our soul needs to rest! When we sleep, our soul goes off on adventures. We can speak to our soul guides; we can visit our loved ones, and we can even travel to other planets and dimensions. When you have dreams of flying or strange adventures, it wasn't just made up in your head. It's likely memory of something you actually experienced! And when we wake up each morning, our silver cord is reeled back in so we can re-enter our body.

Eilenstein, 2021-04-29 Astral projection is one of the central elements in magic and in religion because it impressively shows that man does not only consist of the physical body This experience gave birth to shamanism which is the original form of religion There are many different methods of arriving at an astral projection experience from relaxation exercises to near death to initiations into the Mysteries There are also a variety of methods by which one can bring about astral projection However all of these methods can be listed on a large map that shows what steps there are on the way from the normal state to the out of body experience The map is the same for each way to astral projection it is just that for each method different steps of this path are brought into the center of the procedure **Astral Projection For Beginners** Mathias
