

To do the pedal test, use the following instructions

- Foot on the brake and the accelerator pedal
- Key into the ignition and turn to position 2 (dash lights up but do not start the engine)
- any stored error codes will be displayed as ECN Numbers in the tachometer display.
- Example: When the codes flash up they will show as ECN 112252. Remove the last two numbers as this is the symptom number and replace the ECN with P. You will be left with P1122. Look down the list for the error code for your diesel engine.

**Manu's Code of Law** Patrick Olivelle, 2004-12-09 Manu's Code of Law is one of the most important texts in the Sanskrit canon indeed one of the most important surviving texts from any classical civilization It paints an astoundingly detailed picture of ancient Indian life covering everything from the constitution of the king's cabinet to the price of a ferry trip for a pregnant woman and its doctrines have been central to Indian thought and practice for 2000 years Despite its importance however until now no one has produced a critical edition of this text As a result for centuries scholars have been forced to accept clearly inferior editions of Sanskrit texts and to use those unreliable editions as the basis for constructing the history of classical India In this volume Patrick Olivelle has assembled the critical text of Manu including a critical apparatus containing all the significant manuscript variants along with a reliable and readable translation copious explanatory notes and a comprehensive introduction on the structure content and socio political context of the treatise The result is an outstanding scholarly achievement that will be an essential tool for any serious student of India
