**A Collection of Columns** Rick T. Rae,2022-11-02 Book contains columns and observations published in various newspapers managed by Rick Rae during the course of his half century career in the business Book Review by Alice Queen of rockdalenewtoncitizen.com Rick Rae loves his family and loves his cars That much is clear from a reading of his second book A Collection of Columns a series of personal and observational essays the native of Canada whose newspaper management career spanned some 45 years has curated from a life well lived I ve been

writing columns here and there mostly internet stuff and a couple of folks noted that I've been writing them a long time and they're right I think I started back in 1974 said Rae 84 from his home in Loganville where he lives with Penny his wife of 62 years Several people suggested I package the best of them and put them in book form So I went ahead and did it Many of the pieces in Rae's new book detail his automotive obsession he bought the first of his 75 cars when he was 14 years old and a number of vacations taken by his family But the former publisher of the Rockdale Citizen Newton Citizen and Gwinnett Daily Post also delves into a host of other subjects including some inside baseball insights on the newspaper industry his thoughts on music and other significant and not so significant life moments Published by Indiana based AuthorHouse A Collection of Columns is Rae's follow up to his 2011 memoir Not Extinct Yet in which he details his many decades in newspapers Rae said he worried that the subject matter of some of the columns might seem a bit antiquated but he moved ahead with the project Unfortunately I've been at this so long that some of the columns are rather dated he said I love writing about personal experiences and the more I can get down on paper the better I'll like it although I'm getting kind of old I guess for personal experiences Two chapters particularly amusing to Rae were written in recent years for a Canadian publication for which he once worked One concerns teaming up with a co worker who was a successful pool shark and the other involved meeting a young singer who became one of country music's most beloved stars I wrote two recollection columns for a former employer in Canada they were about getting in a pool tournament and making more money than I had selling newspaper ads and also my meeting with Harold Jenkins who would later change his name to Conway Twitty he said I love to do that kind of stuff I've got a few of those in my background The book's final chapter was a column published in the Rockdale Citizen which by then had a companion paper in Newton County and the Gwinnett Daily Post on June 28 2006 the day he retired When asked if he had plans for any more books Rae said he's got something on the back burner that he might want to release One of my buddies in Canada who I grew up with is an author and makes a lot of money ghostwriting for Canadian politicians it seems like everybody in Canada wants to have a book out he said He suggested that I combine my love of cars and my love of music and do some kind of book about cars and songs I've been thinking that might be a way to go It's been in the back of my mind One story that may well wind up in another book takes place during the time Rae managed a newspaper in the suburbs of Detroit and saw an up and coming performer that left an impression that remains today I've never written about my times with Bob Seger when I worked in Pontiac Mich he said When I worked there every Friday we'd go across the road to a bowling alley that had a lounge and the guy playing there was Bob Seger We'd listen to him until they shut the bar down at 2 in the morning the whole newspaper used to come over and hear him perform Automotive News ,2002 **Lemon-Aid Used Cars and Trucks 2010-2011** Phil Edmonston,2010-05-11 Lemon Aid Used Cars and Trucks 20102011 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years of production This book offers an exposé gas consumption lies a do it yourself service manual an archive of service bulletins granting free repairs and more Decades of

Rebellion Santiago Flores,M Reyna Garza,2024-03-31 This book covers the events mentioned above in considerable detail little has been published on the subject and this book provides a look into how turbulent the 20s were for Mexico  
ModelingMadness Com In the decades before Mexico joined the Allies in the Second World War Mexican military aviation saw a rapid growth and intense involvement in rebellions internal strife and in operations against armed banditry Aviation was introduced to military service in Mexico during the Revolutionary period of 1910 1920 and the bloody showdown between the subsequent president Don Venustiano Carranza and General Victoriano Huerta Based on this experience a strong military aviation service was understood to be an important element for maintaining internal security and was subsequently deployed at almost every opportunity Mexican military aviation helped defeat several armed uprisings often through little more than its psychological impact upon the insurgents and the civilian population In at least one instance an armed rebellion sought to obtain aircraft of its own and to recruit foreign mercenary pilots to counter the government s aircraft Three decades of small yet intensive combat operations not only proved to be a baptism of fire for many early Mexican aviators but also played a crucial role in forming nearly all of the commanders that went on to lead the Mexican Air Force during the Second World War The Decades of Rebellion mini series examines the use of air power in Mexico s internal strife from the 1920s up until the 1940s This first volume focusses upon the rebellions of the 1920s and includes the fall of Carranza Cantu s rebellion in Baja California De La Huerta s rebellion and the uprising of the Yaqui people as well as giving a comprehensive overview of the Mexican Military Aviation Service in this period Decades of Rebellion Volume 1 Mexican Military Aviation in the Rebellions of the 1920s is richly illustrated throughout with original photographs and includes the War series signature colour artworks with profiles of many unusual aircraft types employed in Mexico at that time

**Foreign Object Debris and Damage in Aviation** Ahmed F. El-Sayed,2022-04-27 Foreign Object Debris and Damage in Aviation discusses both biological and non biological Foreign Object Debris FOD and associated Foreign Object Damage FOD in aviation The book provides a comprehensive treatment of the wide spectrum of FOD with numerous cost management and wildlife considerations Management control for the debris begins at the aircraft design phase and the book includes numerical analyses for estimating damage caused by strikes The book explores aircraft operation in adverse weather conditions and inanimate FOD management programs for airports airlines airframe and engine manufacturers It focuses on the sources of FOD the categories of damage caused by FOD and both the direct and indirect costs caused by FOD In addition the book provides management plans for wildlife including positive and passive methods The book will interest aviation industry personnel aircraft transport and ground operators aircraft pilots and aerospace or aviation engineers Readers will learn to manage FOD to guarantee air traffic safety with minimum costs to airlines and airports **Lemon Aide Guide 2005** Phil Edmonston,2004 Consumer Reports Buying Guide Consumer Reports,2007-11 This is the 2008 edition to get help with trusted product reviews and comparisons
