and religious aspects of Milton's writing in light of cultural, theological, socio-political, linguistic and translational issues. After providing an overview of the presence of Milton and his works in the Arab world, each chapter sheds light on how cultural and translational issues shape the ways in which Arab Muslim readers perceive and understand the characters and motifs of *Paradise Lost*. Chapters outline the ways in which the figures are currently understood in Milton scholarship before exploring how they fit into the narrative drama and theology of the poem and their position in Islamic creed and Arab Muslim culture. Concurrently, each chapter examines the poem's subject matter in detail, placing particular emphasis on matters of linguistic, theological and cultural translation and accommodation. Chapter conclusions not only summarise the patterns and potentialities of reception but point towards the practical functions of Arab Muslim responses to Milton's writing and their contribution to the formation of social ideas.

Augustine's Manichaean Dilemma, Volume 2 Jason BeDuhn, 2013-05-31. A volume in the *Divinations: Rereading Late Ancient Religion* series. **Augustine's Manichaean Dilemma, Volume 2** Jason David BeDuhn, 2013-06-07. By 388 C.E. Augustine had broken with the Manichaeism of his early adulthood and wholeheartedly embraced Nicene Christianity as the tradition with which he would identify and within which he would find meaning. Yet conversion rarely, if ever, represents a clean and total break from the past. As Augustine defined and became a Catholic self, he also intently engaged with Manichaeism as a rival religious system. This second volume of Jason David BeDuhn's detailed reconsideration of Augustine's life and letters explores the significance of the fact that these two processes unfolded together. BeDuhn identifies the Manichaean subtext to be found in nearly every work written by Augustine between 388 and 401 and demonstrates Augustine's concern with refuting his former beliefs without alienating the Manichaeans he wished to win over. To achieve these ends, Augustine modified and developed his received Nicene Christian faith, strengthening it where it was vulnerable to Manichaean critique and taking it in new directions where he found room within an orthodox frame of reference to accommodate Manichaean perspectives and concerns. Against this background, BeDuhn is able to shed new light on the complex circumstances and purposes of Augustine's most famous work, *The Confessions*, as well as his distinctive reading of Paul and his revolutionary concept of grace. Augustine's Manichaean Dilemma, Volume 2 demonstrates the close interplay between Augustine's efforts to work out his own Catholic persona and the theological positions associated with his name between the sometimes dramatic twists and turns of his own personal life and his theoretical thinking.

The Glory of the Invisible God Andrei Orlov, 2019-12-26. Andrei Orlov examines early Christological developments in the light of rabbinic references to the two powers in heaven, tracing the impact of this concept through both canonical and non-canonical material. Orlov begins by looking at imagery of the two powers in early Jewish literature, in particular the book of Daniel and in pseudepigraphical writings. He then traces the concept through rabbinic literature and applies this directly to understanding of Christological debates. Orlov finally carries out a close examination of the two powers traditions in Christian literature, in particular accounts of the Transfiguration and the Baptism of Jesus.

Including a comprehensive bibliography listing texts and translations and secondary literature this volume is a key resource in researching the development of Christology
