How Mechanics Cheat Women Doris Chan,2022-10-13 Get honest car repair without scams Mechanics scam women This is a guide for outsmarting mechanics and getting your car fixed well at a fair price A sample of topics Never trust dealership service advisors Engine flushes are a scam New tires won t improve your fuel economy There s no such thing as dealer only parts Most people overpay for transmission repairs Doris Chan is a lifelong car enthusiast from Los Angeles who loves helping other people figure out the world of cars How Mechanics Cheat Women is everybody s guide to how the car repair industry works for its own benefit and how you can take charge without having any mechanical ability or knowledge yourself to get good honest low priced car repairs Get a 800 transmission replacement when your neighbor paid 3 000 Know when and how to say no to your mechanic And overcome your fear of mechanics so that any car even an old high maintenance car becomes easy peasy for you and your budget *Lemon-Aid New and Used Cars and Trucks 1990-2015* Phil Edmonston,2013-11-18 Lemon Aid New and Used Cars and Trucks 1990 2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car and truck book on the market Dr Phil Canada s best known automotive expert for more than 42 years pulls no punches *Lemon-Aid New and Used Cars and Trucks 2007-2018* Phil Edmonston,2018-02-03 Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car and truck book on the market Dr Phil along with George Iny and the Editors of the Automobile Protection Association pull no punches **Buying Used Vehicles** Garland F. Sommer,2007-12 Buying used vehicles sounds like a simple task that most every adult in America has done in their lifetime This is true except for the fact that in today s inflationary times a vehicle may well be the second largest purchase a person makes next to their home What is truly amazing is the very little thought and research typically done by today s average vehicle buyer Most people go out on a Sunday afternoon and in the space of a few hours sign a contract for anywhere from 20 000 50 000 This is of course assuming that they decide to buy something new instead of pre owned This book is designed to assist the average buyer into the wonderful world of used vehicle purchasing The ideal of buying used is very frightening to many Americans The fact is that buying somebody else s troubles is reminiscent of many people s attitude I submit that with the help of a book such as this a buyer can get a vehicle that will last for many years for a fraction of the cost of buying new Buying Used Vehicles is not a scientific study by any stretch of the imagination It is simply a set of experiences put down by an average person with a slightly larger than average amount of purchases and sales to his credit This book is very short so it would not take a great deal of time to read and absorb which given the pace of most people s lives these days fits in better than a long textbook on the subject If just one of the precepts shown herein allows a vehicle buyer to avoid getting stuck with a lemon than it probably would be worthwhile This is the only goal I had in my mind when I put this book together Some very simple things can sometimes spell the difference between getting a serviceable vehicle and buying a pretty but useless showpiece In the years I have been buying

cars motorcycles and boats I have learned that some very common misconceptions exist in the motoring public One of the biggest is that they learned how to buy vehicles by observing how their parents did it I was the same way as a young man when things were much simpler and far less legislated This chronology of vehicle purchases hopefully will illustrate that although fraught with pitfalls the purchase of something used can be rewarding and very cost efficient As a somewhat certifiable vehicle nut I hope that there may be at least a single passage in this work that will help someone avoid the many possible mistakes in buying used Good Hunting to you all **Lemon-Aid Used Cars and Trucks 2010-2011** Phil

Edmonston,2010-05-11 The automotive maven and former Member of Parliament might be the most trusted man in Canada an inverse relationship to the people he writes about The Globe and Mail Lemon Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production This brand new edition of the bestselling guide contains updated information on secret service bulletins that can save you money Phil describes sales and service scams lists which vehicles are factory goofs and sets out the prices you should pay As Canada's automotive Dr Phil for over 40 years Edmonston pulls no punches His Lemon Aid is more potent and provocative than ever **Lemon-Aid Used Cars and Trucks 2009-2010** Phil Edmonston,2009-02-16 For the first time in one volume Phil Edmonston Canada's automotive Dr Phil covers all used vehicles packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years **Lemon-Aid Used Cars and Trucks 2011-2012** Phil
