Donald M. Snow,2015-07-16 Since World War II military intervention in developing world internal conflicts DWIC has become the primary form of U S military activity and these interventions have proven unsuccessful in places like Vietnam Iraq and Afghanistan This book argues such failure was entirely predictable even inevitable due both to the nature and dynamics of foreign military intrusion in the affairs of other countries and especially the DWICs that provide the major contemporary form of potential U S military in the foreseeable future Basing its analysis in both human nature the adverse reaction to prolonged outsider intrusion and historical analogy the book argues strongly why military intervention should be avoided as a national security option and the implications of such a policy decision for national security strategy and policy

Odyssey of a Taishan American James L Eng,2018-12-28 The use of coaching books systematically deceived the American immigration system during the years following the Chinese Exclusion Act of 1882 Follow Jim s life as an eight year old immigrant from Taishan whose diligent memorization of false identities dates and places erased all memories of his boyhood in China After facing language difficulties and isolation during assimilation and education he eventually achieves academic success But then he must overcome the institutional racism of the 1950s and reaches the plateau of middle class America during the Cold War He finds himself oddly suited to the silence and secrecy shrouding his work with the military and NASA But despite having lived the American Dream he sees the world as a Chinese American in a racist society Mr Eng completed this memoir at the age of 95 He attributes his health long life and success to his beautiful wife Lan *American Propaganda from the Spanish-American War to Iraq* Steven R. Brydon,2021-11-01 In this book Steven R Brydon analyzes American war propaganda spanning from the Spanish American War through the wars in Afghanistan and Iraq Brydon

argues that many of these wars were fought based on false or misleading narratives beginning with blaming Spain for the sinking of the Maine and continuing most recently with charges that Saddam Hussein had weapons of mass destruction and was involved in the terrorist attacks of September 11 Research has shown that well told stories can affect the public's beliefs attitudes and actions and Brydon has identified some of these recurring stories that have been told to support and sustain each war during this time period Using Fisher's narrative paradigm Brydon critically evaluates these war stories to determine if they possessed narrative coherence and fidelity that provided good reasons to go to war rather than simply the appearance of these qualities The responsibility Brydon stresses is on the media and on academics to view future war narratives through a critical lens in order to best inform the American people Scholars of media studies history military studies American studies and international relations will find this book particularly useful *American Foundryman*, 1943
