White, 2013 Lack of civic knowledge ignorance about the U S Constitution and general ambivalence about education threaten the fiber of this nation The remedy to this malaise advocated in various ways by a diverse group of contributors is a well rounded liberal education that prepar *Political Social Work* Shannon R. Lane, Suzanne Pritzker, 2017-12-16 This social work book is the first of its kind describing practical steps that social workers can take to shape and influence both policy and politics It prepares social workers and social work students to impact political action and subsequent policy with a detailed real world framework for turning ideas into concrete goals and strategies for effecting change Tracing the roots of social work in response to systemic social inequality it clearly relates the tenets of social work to the challenges and opportunities of modern social change The book identifies the core domains of political social work including engaging individuals and communities in voting influencing policy agendas and seeking and holding elected office Chapters elaborate on the necessary skills for political social work featuring discussion examples and critical thinking exercises in such vital areas as Power empowerment and conflict engaging effectively with power in political settings Getting on the agenda assessing the political context and developing political strategy Planning the political intervention advocacy and electoral campaigns Empowering voters Persuasive political communication Budgeting and allocating resources Evaluating political social work efforts Making ethical decisions in political social work Political Social Work is a potent reference for social work professionals practitioners and students seeking core political knowledge and skills to practically advance their work For specialists and generalists alike it solidifies political action as vital for the

evolution of the field *The Politics of Civic Education* Eleni M. Mantas-Kourounis, 2024-06-10 This book chronicles the progression of civic education advocacy since the early 2000s It identifies the main actors that called for civic education reform describes their motivations and policy platforms and documents the path taken to capture state policy agendas It argues that No Child Left Behind incentivized civic education advocates to mobilize a call to action to restore emphasis on civics that materialized into national policy reform proposals that successfully captured the agendas of state legislatures and bureaucracies This book analyzes the implementation and sustainability of these civic education policy reforms by undertaking a comparative case study analysis of school districts in Utah and Connecticut Through the voices of teachers and district administrators the book tells the story of what happened when these state policy reforms inspired by national initiatives hit the local level where the rubber meets the road As ideological debates about schools and democracy unfold across the country as civic education advocates and proposals proliferate this book treats civic education not as panacea but as a concrete policy area to be analyzed and understood It contextualizes the current debate and offers a critical assessment of the most recent comprehensive state level civic education policy reform It argues that while questions linger about what type of civic inspired educational interventions remains most effective for whom where and why the implementation of such interventions are profoundly impacted by local actors and local politics and that future initiatives should take this dimension into consideration *Educational Research Circular* University of Illinois (Urbana-Champaign campus). Bureau of Educational Research, 1927 **Getting to Where We Meant to Be** Patricia H. Hinchey, Pamela J. Konkol, 2024-04-24 At a moment when brawls are breaking out at school board meetings and state officials are increasingly issuing curricular mandates it s possible that this text s central question is more important than ever How is it that given good intentions and hard work among education professionals things in schools can go so very wrong As in the first edition Hinchey and Konkol suggest that unspoken and misleading assumptions can produce choices decisions and policies with disastrous consequences for kids They tease out such assumptions on the key issues of school goals curriculum education for citizenship discipline and school reform inviting readers to question the taken for granted in order to better align intentions and outcomes Such contemporary issues as book banning and parents movements are presented not as isolated controversies but instead in their historical cultural and political contexts Designed for both undergraduate and graduate classrooms the text applies to a wide range of studies related to public education including its theory policy history and politics Without proselytizing the text asks readers to think for themselves and articulate their own commitments guided by end of chapter questions some intended for all readers and some specifically for experienced professionals Suggested additional readings websites and videos invite further exploration of the topics under discussion and offer still more food for thought **Civic Education** Richard G. Niemi, Jane Junn, 2005-05-11 Sound democratic decisions rely on a citizenry with at least a partial mastery of the rules and workings of democratic government American high schools where students learn the basics of citizenship thus ought to play

a critical role in the success of democracy Yet studies examining the impact of high school government and civics courses on political knowledge over the past quarter century have generally shown that these courses have little or no effect In this important book Richard G Niemi and Jane Junn take a fresh look at what America s high school seniors know about government and politics and how they learn it The authors argue convincingly that secondary school civics courses do indeed enhance students civic knowledge This book is based on the most extensive assessment to date of civic knowledge among American youth the 1988 National Assessment of Education Progress NAEP Civics Assessment The authors develop and test a theoretical model to explain the cognitive process by which students learn about politics and they conclude by suggesting specific changes in the style and emphasis of civics teaching
