Any Day Above Ground... Thoughts On Life, Death, After-Life, And The Built-In God Dr. Frederick G. Weiss, 2022-08-01 This book is about the appreciation of life yours and God s Most people want to go to heaven They believe it s very nice there and it sure beats the alternative Old age brings pain trials and tribulations and heaven would be a relief Besides that s where God is On the contrary I argue that there is plenty of heaven and hell right here on earth It is said that war is hell and we ve had plenty of that to say nothing of disease or injury Heaven has been compared to being with the one you love as I have argued in this book Life matters We should recognize and appreciate any day above ground but because of selfishness and ingratitude sins against God we take everything for granted I have a chapter on where is God Surprise God is here in us and throughout His creation God lives in us and in all He creates In human terms everything depends on what we do with Him Because God is here I conclude there is no after life no heaven or hell That is a creation of religion not reason All God s efforts are oriented toward Freedom That s what history with all its blood sweat and tears shows us and its fullest realization is America

Combat Death in Contemporary American Culture Agnieszka Soltysik Monnet,2020-12-16 *Combat Death in Contemporary American Culture* Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination

The Films of Clint Eastwood Matt Wanat,Leonard Engel,2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood s 2014 *American Sniper* a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood s body of cinematic work As a collection these essays show that none of these themes account for Eastwood s entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives

Life at the End of Us Versus Them Marcus Peter Rempel,2017-11-09 Our present moment can no longer sustain a stable us defined against an alien them So say Ren Girard and Ivan Illich radical critics of both Christianity and culture If they are right this makes our time an endtime The

end of us against them can deteriorate into the chaos of each against each or it can open outward into freely chosen communion It is an expectant and apocalyptic time How does one live in this strange endtime world As a wanderer in the odd cross culture country Girard and Illich have mapped the author finds himself in a surprising new place in relation to those who are his other women queer folk refugees Muslims atheists and Indigenous people In this collection of essays he blinks looks around and makes some field notes Mediating Emergencies and Conflicts Federico M. Federici, 2016-07-20

Contributors to this volume discuss different types of emergencies and conflicts and how challenging these multilingual operational environments are for linguists The growth in reach and number of international relief operations has exposed the limits of current research into these challenges Evidence in disaster management studies suggests communication remains a major operational issue This book calls for enhanced focus on the role of translators and interpreters in emergencies by discussing existing research and questions which have emerged from experience in the field Contributions in this volume undeniably demonstrate the need for multidisciplinary studies in mediating multilingual emergencies They consider emergencies in hospitals Cox and L zaro Guti rrez in disaster response Dogan in bespoke training to translators in fast developing crises O'Brien and in planning responses in predictably dangerous habitats Razumovskaya Bartashova The volume also illustrates scenarios in which discourse on language mediation shows bias by limiting political dialogues Al Shehari by conditioning news reporting Skorokhod and by enforcing stereotypical notions of linguists in wars Gaunt

The Hell of War Comes Home Owen W. Gilman Jr., 2018-02-09 Owen W Gilman Jr stresses the US experience of war in the twenty first century and argues that wherever and whenever there is war there will be imaginative responses to it especially the recent wars in Afghanistan and Iraq Since the trauma of September 11 the experience of Americans at war has been rendered honestly and fully in a wide range of texts creative nonfiction and journalism film poetry and fiction These responses Gilman contends have packed a lot of power and measure up even to World War II s literature and film Like few other books Gilman s volume studies these new texts among them Kevin Powers s debut novel The Yellow Birds and Phil Klay s short stories Redeployment along with the films The Hurt Locker American Sniper and Billy Lynn s Long Halftime Walk For perspective Gilman also looks at some touchstones from the Vietnam War Compared to a few of the big Vietnam books and films this new material has mostly been read and watched by small audiences and generated less discussion Gilman exposes the circumstances in American culture currently preventing literature and film of our recent wars from making a significant impact He contends that Americans inclination to demand distraction limits learning from these compelling responses to war in the past decade According to Gilman where there should be clarity and depth of knowledge we instead face misunderstanding and the anguish endured by veterans betrayed by war and our lack of understanding

Norako, 2024-08-15 Monstrous Fantasies asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England Leila K Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims These romances which as Norako argues also influenced Geoffrey Chaucer s Canterbury Tales conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum Monstrous Fantasies also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so called wars on terror in the twenty first century in such films as Kingdom of Heaven and American Sniper
