PsyCop 1 Among the Living and prepare for a hauntingly good read *Bitter Pill* Jordan Castillo Price, 2020-01-09 There's a new drug on the streets called Kick. The side effects are so brutal most folks only try it once unless they're psychic. Then they do it until it kills them. Psychic medium Victor Bayne is well acquainted with pharmaceuticals from the Auracel that blocks his ghosts to the Seconal that offers him a blissful night's sleep. But he's managed to steer clear of street drugs so far. Jacob Marks has a medicine cabinet filled with every over-the-counter remedy known to man, but none of them are doing much for his mood, and his long fruitless days of combing through records at The Clinic are taking a heavy toll. But their lackluster investigation does have one silver lining: a front row seat at The Clinic when the first Kick overdose comes in. And as scary as the drug might be if it truly does augment psychic ability, the appeal is not lost on Vic. Because the very first hit never killed anyone. Where did Kick come from? Why is it so addictive? And why is everyone at The Clinic acting so darn shady? That's what Vic intends to find out. And if he's lucky, he can also expose a shadowy figure from Camp Hell. Unfortunately, the demons of his pill addiction might prove just as deadly as his long buried history. He thought he'd managed to ditch that pernicious habit. But what if it was only lurking in the shadows, waiting for the best time to rear its ugly head? *PsyCop* is an ongoing series filled with supernatural action and delightfully awkward humor with a steady undercurrent of gay romance. It's best read in order, so if you're new to the series, start with *PsyCop 1 Among the Living* and prepare for a hauntingly good read. **Murder**

House Jordan Castillo Price, 2019-04-16 **Subtle Bodies** Jordan Castillo Price, 2022-08-21 It's probably nothing. Usually when Victor Bayne is called upon to investigate a ghostly apparition, the haunting can be chalked up to a perfectly mundane cause. When he's sent to check out some suspicious phenomena in small town Iowa and no one seems unduly alarmed, he's hoping for more of a weekend getaway. Especially since he's bringing along Jacob as his Stiff. He ends up finding way more than he bargained for. Women undressing in public with no memory of doing so. A car rental agent who knows far more than she should. And a shocking discovery they must keep to themselves at all costs. Instead of merely supporting Vic, Jacob finds himself thrust into the driver's seat, using a talent that's clumsy and untested. And when Vic starts acting just as strange as the stripping women, all bets are off. Can Vic and Jacob get a handle on the situation before FPMP National storms in and shuts them down for good? *PsyCop* is an ongoing series filled with supernatural action and delightfully awkward humor with a steady undercurrent of gay romance. It's best read in order, so if you're new to the series, start with *PsyCop 1 Among the Living* and prepare for a hauntingly good read. *Skeleton Crew* Jordan Castillo Price, 2024-05-17 Although Victor Bayne is a valued asset of the FPMP, he still vividly recalls his *PsyCop* days: the eye rolls, the nasty looks, and the occasional utterance of the words "Spook Squad" whenever he showed up on a scene. So he really should empathize with Howard Jibben, the weekend lab manager known as Heebie Jeebie. But does the guy really need to be so darn annoying? Thanks to the researcher's OCD tendencies, when a mysterious shipment arrives, what should be a routine ghost check turns into an excruciating ordeal, made even worse by a freak incident that leaves them stranded in the FPMP's basement. Jacob may be the ranking agent on site, but

even he can't control the weather. Yet given the pressure he puts on himself to master his newfound ability it's as if he thinks the burden to free everyone is his alone. Vic has never put much stock in luck but the sheer number of disasters raining down on them can't possibly be pure chance and things are only getting worse. Is it a curse? Telekinesis? Sabotage? Or is there something more sinister lurking in the shadows? *PsyCop* is an ongoing series filled with supernatural action and delightfully awkward humor with a steady undercurrent of gay romance. It's best read in order so if you're new to the series start with *PsyCop 1: Among the Living* and prepare for a hauntingly good read.
