Amour Amour English Edition:

The Literal Sense and the Gospel of John in Late Medieval Commentary and Literature Mark Hazard, 2013-12-16

Focusing on the famous Medieval commentator Nicolas of Lyra and the anonymous Middle English biblical adaptation of the Gospel of John the Cursor Mundi this book examines the development of the analytical tools of biblical literary criticism showing how late Medieval commentators negotiated the paradoxical interdependence of the literal and spiritual senses as transmitted by traditional and inherited vocabularies through a focus on narrative structure Mark Hazard combines an enlightening account of the actual practice of professional commentators the history of Gospel interpretation and cultural history to reveal that remarkable shift in the treatment of the Bible that modern scholars would regard as having laid the groundwork for the historical critical methods in biblical research As such this book sheds light not only on the 14th century practice of biblical interpretation but will also be of value to those currently engaged in reading and writing about the bible

Ray Taras, 2009 Is Europe indeed uniting or instead falling apart as a result of anti immigrant prejudices a massive Islamic influx and ancient intra European hatreds This innovative and engaging book explores the sources of Europe's culture based divide arguing that the idea of two Europes is grounded both in reality and myth The accession process that brought a dozen new members into the European Union after 2004 has highlighted the persisting gulf between old and new Europe despite the many physical barriers that have crumbled Ray Taras examines the treaties political rhetoric citizen attitudes and literary narratives of belonging and separation that both bind and fray the fabric of Europe Throughout this interdisciplinary work provides a comprehensive hard hitting and unabashed review of how enlarged Europe embraces contrasting understandings of its political home **Monsieur Francisque's Touring Troupe and Anglo-French Theatrical Culture, 1690-1770**

Robert V. Kenny, 2025-04-08 This deeply accomplished and lively monograph charts the career of a travelling French actor manager whose impact and significance have been overlooked The inimitable Monsieur Francisque François Moylin c 1690 1770 was an extraordinary actor manager and key figure in the early eighteenth century theatre world of both England and France Leader of a family of gifted performers including his niece the famous dancer choreographer Marie Sall he took them to every corner of France and beyond playing before Louis XV as well as George I and II of England However despite his fame among his contemporaries Francisque's career has been largely overlooked Robert V Kenny resurrects Moylin from the footnotes of theatre history with this detailed case study of an entrepreneurial actor manager his troupe and their repertory Following them from the Paris fairs to the courts of Europe via one of the worst riots in English theatre history the book

showcases the giddy range of activities and performances undertaken by this family and their associates Through the careful piecing together of diverse and fragmentary historical records Kenny reveals the crucial role played by Francisque and his troupe in the conflict between Parisian fairground players and the established theatres stressing Francisque's major contribution to the development of opéra comique This book not only revives Moylin's legacy but enriches our understanding of cross cultural theatrical exchanges in eighteenth century Europe *Encyclopedia of Literary Translation Into English: A-L* O. Classe,2000 **Translators and Their Prologues in Medieval England** Elizabeth Dearnley,2016 An examination of French to English translation in medieval England through the genre of the prologue The prologue to Layamon's Brut recounts its author's extensive travels wide yond thas leode far and wide across the land to gather the French Latin and English books he used as source material The first Middle English writer to discuss his methods of translating French into English Layamon voices ideas about the creation of a new English tradition by translation that proved very durable This book considers the practice of translation from French into English in medieval England and how the translators themselves viewed their task At its core is a corpus of French to English translations containing translator's prologues written between c 1189 and c 1450 this remarkable body of Middle English literary theory provides a useful map by which to chart the movement from a literary culture rooted in Anglo Norman at the end of the thirteenth century to what in the fifteenth is regarded as an established English tradition Considering earlier Romance and Germanic models of translation wider historical evidence about translation practice the acquisition of French the possible role of women translators and the manuscript tradition of prologues in addition to offering a broader pan European perspective through an examination of Middle Dutch prologues the book uses translators prologues as a lens through which to view a period of critical growth and development for English as a literary language Elizabeth Dearnley gained her PhD from the University of Cambridge
