Reading Assignment:

Ch. 15 AMSCO or other resource for Period 5.

Purpose:

This guide is not only a place to record notes as you read, but also to provide a place and structure for reflections and analysis using your noggin (thinking skills) with new knowledge gained from the reading. This guide, if **THOUGHFULLY and ACURATELY completed in its entirety BOP (Beginning of Period)** by the due date, will earn bonus points. The benefits of such activities, however, go far beyond quiz help and bonus points. ☺

Mastery of the course and AP exam await all who choose to process the information as they read/hear.

This is an optional assignment. So...young/real...what is your choice? Do it? Or do not? There is no try.

Key Concepts FOR PERIOD 5:

Key Concept 5.1: The United States became more connected with the world, pursued an expansionist foreign policy in the Western Hemisphere, and emerged as the destination for many migrants from other countries.

Key Concept 5.2: Intensified by expansion and deepening regional divisions, debates over slavery and other economic, cultural, and political issues led the nation into civil war.

Key Concept 5.3: The Union victory in the Civil War and the contested reconstruction of the South settled the issues of slavery and secession, but left unresolved many questions about the power of the federal government and citizenship rights.

Section 1 Guided Reading, pp 291-303

1. Intro: Reconstruction, 1863-1877, page 291

Key Concepts & Main Ideas	Notes
The Union victory in the Civil War and the contested Reconstruction of the South settled the issues of slavery and secession, but left unresolved many questions about the power of the federal government and citizenship rights.	Read the Frederick Douglas quote and first two paragraphs of the chapter on page 291. Summarize the 5 main questions facing the nation at the end of the Civil War. 1) How to secure civil rights for slaves, who even though they were free had no civil rights like whites 2) How to reconstruct the south after the war left its economy in despair? 3) To what extent was the federal government responsible for helping freed slaves adjust to freedom? 4) Should the former states of the confederacy be treated as if they had never really left the union or as conquered territory subject to continued military occupation where they are not fully accepted as partners in the union? 5) Who had authority to decide these questions of reconstruction; the president or Congress? What economic sectional conflicts remained in 1865? Conflicts between regions, political parties, and economic interests Northerners wanted... to continue the economic progress that began during the war Southerners wanted... a cheap labor force that would work on their plantations
