**Did Muhammad Exist?** Robert Spencer, 2021-07-13 Is there any sound historical evidence that the prophet of Islam actually existed or is the entire story of Muhammad fable or fiction It is a question that few have thought or dared to ask Virtually everyone Muslim and non Muslim alike takes for granted that the prophet of Islam lived as a prophet as well as a political and military leader in seventh century Arabia But this widely accepted story begins to crumble on close examination In his blockbuster New York Times bestseller The Truth about Muhammad historian and Islam expert Robert Spencer revealed the often shocking contents of Islamic teachings about Muhammad Now in this newly revised and expanded version of Did Muhammad Exist he lays bare those teachings surprisingly shaky historical foundations This updated and enlarged version of this acclaimed book examines even more striking and compelling evidence that the story of Muhammad who for so long was assumed to have lived in the full light of history could be more myth and legend than historical fact Spencer meticulously examines historical records and archaeological findings pioneering new scholarship to reconstruct what we can know about Muhammad the Qur'an and the early days of Islam The evidence he presents challenges the most fundamental assumptions about Islam's origins
