

4) The Reforms of Cluny

- ❖ The corruption in the Church was a grave concern for serious Christians.
- ❖ The simony, the nepotism, the lay investiture, and the vices of the clerics caused much scandal.
- ❖ Again it would be the Benedictine monks who would provide the solution through the new monastery at **Cluny**, in Burgundy.

a) Foundation of the Abbey of Cluny

- ❖ **Duke William of Aquitaine** once murdered a man in a fit of rage, but he repented and wanted to make it up to God.
- ❖ 2 monks seeking to reform the Church—**St. Berno & St. Odo**—convinced William to turn his favourite hunting lodge into a monastery.
- ❖ William agreed, and the abbey of **Cluny** was founded in 910. William, however, added one significant statute:
- ❖ The abbey at Cluny would be independent of the control of any lord or bishop; instead, it would answer only to the Pope.
- ❖ This freed the abbey from any bad influence a greedy lord or bishop nearby could exert.
- ❖ Because of this, St. Berno (Abbot from 910-927) and St. Odo (Abbot from 927-942) were free to institute their reforms.

b) The reforms of the Cluniac Monks

- ❖ They fought against simony and nepotism, making sure that all abbots and bishops were good and devout men.
- ❖ Their zeal spread; by 1050, 300 monasteries looked to Cluny as their leader, and all joined in the fight against simony and nepotism.
- ❖ On the local level, these reforms succeeded, and worthy men were becoming clerics.
- ❖ Cluniac monks now had to reform the very leaders of Christendom—the pope and the emperor.
- ❖ Men like the Abbot **St. Odilo** and the monk **Hildebrand** would become advisors to popes and emperors, and simony and nepotism were reduced.
- ❖ A controversy, though, would explode with the issue of lay investiture.

Assignment

1. Explain how monasticism helped solve this crisis.
2. Cluniac monks were now heavily involved in world affairs in order to stop corruption in the Church. St. Benedict's idea was to separate monks from the world. Do you think St. Benedict would have approved of what the Cluniacs were doing?

Socialism for a Sceptical Age Ralph Miliband,2020-05-05 This outstanding and original volume offers a critical examination of a number of developments which in recent years have undermined the idea of socialism and eroded its electoral appeal Among these developments are the collapse of Communist regimes the fragmentation of the constituencies upon which earlier socialist advances had depended changes in the organization and the dynamics of capitalism and a dearth of agencies committed to the socialist project The book also takes up and seeks to rebut older objections to socialism such as the notion that it is inevitably totalitarian that it is based on too optimistic a view of human nature and that it fails to take account of the tendency of power to accumulate in the hands of minorities The book argues that a social order dominated by the logic of capital and competition cannot despite all the positive claims made on its behalf produce the conditions which make true citizenship and community possible By contrast socialism offers an attractive and feasible programme for the realization of those ideals Miliband argues that socialism cannot be seen as an answer to all the ills which have plagued humankind Socialism in his view has to be understood as part of an age old struggle for a more just society and he believes

that seen in this light socialism remains not only desirable but also perfectly possible Moreover he believes socialism will in time come to command a majority support which its advancement requires Socialism has to be seen as a permanent striving for the achievement of democracy egalitarianism and the creation of an economy under democratic control **Pension Reform**
