## **An Exiled Generation German And Hungarian Refugees Of Revolution 1848 1871:**

*An Exiled Generation* Heléna Tóth, 2014-10-30 Heléna Tóth considers exile in the aftermath of the revolutions of 1848-9 as a European phenomenon with global dimensions *Heléna Tóth: an exiled generation* Gábor Gángó, 2018 **An Exiled Generation** Heléna Tóth, 2014-10-30 Focusing on migrants from Baden-Württemberg and Hungary in four host societies Switzerland the Ottoman Empire England and the United States Heléna Tóth considers exile in the aftermath of the revolutions of 1848-9 as a European phenomenon with global dimensions While exile is often presented as an individual challenge Tóth studies its collective aspects in the realms of the family and of professional and social networks Exploring the interconnectedness of these areas she argues that although we often like to sharply distinguish between labor migration and exile these categories were anything but stable after the revolutions of 1848-9 migration belonged to the personal narrative of the revolution for a broad section of the population Moreover discussions about exile and amnesty played a central role in formulating the legacy of the revolutions not only for the migrants but for their social environment and ultimately the governments of the restoration *Banished* Delphine Diaz, Sylvie Aprile, 2021-12-06 This book aims to study the departure and reception of refugees in 19th century Europe from the Congress of Vienna to the 1870-1880s Through eight chapters it draws on a transnational approach to analyze migratory movements across European borders The book reviews the chronology of exile and shows how European states welcomed selected and expelled refugees In addition to presenting the point of view of nation states it reflects the experience of those migrating The book addresses departure into exile captured through the material circumstances of crossing borders in the 19th century and examines the emergence of new ways to pursue political commitments from abroad The outcasts are considered in all their diversity with a prominent place accorded to women and children many of whom also moved under duress The book aims to shed light on the forced migrations of Europeans across Europe while also considering the global dimension looking at exile to the Americas or the French colonies A final chapter examines the impossibility or difficulty of returning from exile to one's country of origin as well as the a posteriori memorial constructs around that crucial experience *Yearbook of Transnational History* Thomas Adam, 2019-07-19 The Yearbook of Transnational History is dedicated to disseminating pioneering research in the field of transnational history This second volume provides readers with articles on topics such as transnational marriages exile soccer and missionaries as well as on the campaigns in Communist countries for freeing the American civil rights activist Angela Davis These articles highlight the movement of ideas people policies and practices across various cultures and societies and explore the relations connections and spaces created by these movements The articles in this volume explore interconnected historical phenomena in Asia North and South America and Europe from the late seventeenth century to the late twentieth century These articles make clear that historical phenomena such as soccer and exile cannot be contained and explained within just one national setting This volume also offers a theoretical article that provides insights into the concept

of intercultural transfer studies and its relationship to comparative and global history and an article that surveys the state of research in the field of transnational crime

East Central European Migrations During the Cold War Anna Mazurkiewicz, 2019-05-06 An extremely useful and much needed survey Over eleven chapters authors from eight countries cover the complex history of migration from the perspective of Central and Eastern Europe between 1945 and 1993 Following in the footsteps of Klaus Bade's Encyclopedia of European Migrations the authors make extensive use of sources in national languages while providing an extensive overview of population movements in the region between the Baltic Black and Adriatic Seas The individual chapters shed light on phenomena overlooked in other volumes including individual state reactions to various migratory phenomenon and the political economic and ideological consequences of human movement The chapters of this volume are uniform not only in their informative nature but also in suggesting new pathways for in depth research Adam Walaszek Jagiellonian University Krak w Poland Eastern Europe is an emblematic space of mobility and its Cold War history cannot be told without considering migration from and into the countries of the region This volume comes at a timely moment and provides a uniquely comprehensive account full with useful information for further research It will be a must read both for migration studies scholars and for area specialists Ulf Brunnbauer Leibniz Institute for East and Southeast European Studies Regensburg Germany The Handbook is a gift to students of migration on three counts It gathers the expertise of scholars fluent in the languages and familiar with the archives of Eastern and Central Europe Thus it brings the multi layered and complex histories of movement beyond the flat descriptor of Soviet bloc or Eastern European migrations The Handbook is both rich and lucid presenting in depth materials on the European twentieth century on one hand and organizing each chapter in a similar way offering the reader transparently comparable histories From Estonia south to Albania and from the USSR west to the GDR each chapter elucidates a complex migration history distinguished by national politics ethnic composition and economics moving from the cataclysmic impacts of World War II to the international migrations and politics of Cold War movement as well as the politics of Cold War emigrants themselves Each chapter ends with an epilogue on post 1989 international migrations and a valuable addendum on published and archival sources Finally the Handbook models the kind of high quality work produced by international scholarly cooperation at its best Leslie Page Moch Michigan State University Table of contents Introduction Anna Mazurkiewicz Albania Agata Domachowska Baltic States Estonia Latvia and Lithuania Pauli Heikkil Bulgaria Detelina Dineva Czechoslovakia Michael Cude and Ellen Paul Germany Bethany Hicks Hungary Katalin K d r Lynn Poland S awomir ukasiewicz Romania Beatrice Scutaru Ukraine Anna Fi USSR Alexey Antoshin Yugoslavia Brigitte Le Normand

**Asylum Between Nations** Janet Polasky, 2023-01-01 Why some of the most vulnerable communities in Europe from independent cities to new monarchies welcomed refugees during the Age of Revolutions and prospered Janet Polasky unearths an unappreciated history of the experience of asylum in Europe and the United States since the Age of the Democratic Revolutions Facing squarely the destruction of asylum in our own time she

ends with a stunningly optimistic vision of a path toward its reconstruction Linda K Kerber author of *No Constitutional Right to Be Ladies* Driven from their homelands refugees from ancient times to the present have sought asylum in worlds turned upside down Theirs is an age old story So too are the solutions to their plight Historian Janet Polasky looks at the asylum freely offered in a revolutionary era when refugees sought shelter among emerging nation states intent on securing their borders This book reclaims the lost story of refugees and of the vulnerable communities that harbored them in the first modern refugee crisis In the wake of the American and French Revolutions thousands of men and women took to the roads and waterways on both sides of the Atlantic in search of their inalienable rights Although larger nations fortified their borders and circumscribed citizenship two port cities German Hamburg and Danish Altona opened their doors as did the federated Swiss cantons and the newly independent Belgian monarchy The refugees thrived and the societies prospered The United States followed not only welcoming waves of immigrants in the mid nineteenth century but offering them citizenship In this remarkable story Polasky shows how open doors can be a viable alternative to the building of border walls *Beyond the Barricades* Anna Ross, 2018-12-20 *Beyond the Barricades* is an original study of government after the 1848 revolutions It focuses on the state of Prussia where a number of conservative ministers sought to learn lessons from their experiences of upheaval and introduce a wave of reform in the 1850s Using extensive archival research the work explores Prussia's entry into the constitutional age charting initiatives to transform criminal justice agriculture industry communications urban life and the press Reform strengthened contact with the Prussian population making this a classic episode of state building but *Beyond the Barricades* seeks to go further It makes a case for taking notice of government activity at this particular juncture because the measures endorsed by conservative statesmen in the 1850s sought to remove the feudal intermediaries that had lingered long into the nineteenth century and replace them with an array of government institutions legal regimes and official practices In sum this book recasts the post revolutionary decade as a period which saw the transition from an old to a new world pivotal to the making of modern Prussia and ultimately modern Germany *Exile and the Circulation of Political Practices* Catherine Brice, 2020-08-27 During the 18th century visitors would come and attend the British Parliament sessions in order to understand how a representative assembly could technically function because politics is not only about ideas but also a lot about practices and techniques A great deal has been written on the circulation of political ideas during the 19th century and on the part played by exiles refugees and military volunteers in this intellectual mobility However less is known of what constitutes in the end politics not only ideas but practices the material implementation of politics How does one debate vote or demonstrate What is political representation How does one start a political party and run it All the political engineering of the 19th century the period of the birth of modern politics has been the result of an intense circulation of exiles which along with bringing in new ideas borrowed new ways of making politics This is what this book contemplates through a wide range of examples showing how exile turned out to be during the century of the revolutions the laboratory of

a new political grammar and of political practices resulting in the cross fertilization between host countries and exiled communities

**Migrants and the Making of the Urban-Maritime World** Christina Reimann, Martin Öhman, 2020-09-03 This volume explores the mutually transformative relations between migrants and port cities Throughout the ages of sail and steam port cities served as nodes of long distance transmissions and exchanges Commercial goods people animals seeds bacteria and viruses technological and scientific knowledge and fashions all arrived in and moved through these microcosms of the global Migrants made vital contributions to the construction of the urban maritime world in terms of the built environment the particular sociocultural milieu and contemporary representations of these spaces Port cities in turn conditioned the lives of these mobile people be they seafarers traders passers through or people in search of a new home By focusing on migrants their actions and how they were acted upon the authors seek to capture the contradictions and complexities that characterized port cities mobility and immobility acceptance and rejection nationalism and cosmopolitanism diversity and homogeneity segregation and interaction The book offers a wide geographical perspective covering port cities on three continents Its chapters deal with agency in a widened sense considering the activities of individuals and collectives as well as the decisive impact of sailing and steamboats trains the built environment goods or microbes in shaping urban maritime spaces

**Agrarian Reform and Resistance in an Age of Globalisation** Joe Regan, Cathal Smith, 2018-12-07 This book investigates the causes and effects of modernisation in rural regions of Britain and Ireland continental Europe the Americas and Australasia between 1780 and 1914 In this period the transformation of the world economy associated with the Industrial Revolution fuelled dramatic changes in the international countryside as landowning elites agricultural workers and states adapted to the consequences of globalisation in a variety of ways The chapters in this volume illustrate similarities differences and connections between the resulting manifestations of agrarian reform and resistance that spread throughout the Euro American world and beyond during the long nineteenth century

Becoming Ottoman Yavuz Köse, Petr Kucera, Tobias Völker, 2024-12-12 This book examines the role of Europeans who settled in the Ottoman Empire between the 16th and 19th centuries and assumed Ottoman identity be it by way of conversion to Islam and assimilating to the host society or by becoming loyal servants or subjects of the Ottoman state identifying themselves as Ottomans but retaining their faith Bringing together a variety of case studies that reflect a broad range of individual experiences in changing historical circumstances the book provides a detailed study of the process of Ottomanization The book draws upon a variety of archival and other sources such as travelogues diaries and folk epics including lesser known examples from early modern Czech Venetian and Wallachian views of converts to case studies of 19th century British German and Austrians who switched loyalty They show that this process depended on a range of factors from conversion to integration into the culture of the ruling elites fluency in the language affiliation through family ties or marriage and most importantly social status and professional rank

**Political Friendship** Michael Weaver, 2024-02-02

Between periods of revolution state repression and war across Central and Western Europe from the 1840s through the 1860s German liberals practiced politics beyond the more well defined realms of voluntary associations state legislatures and burgeoning political parties Political Friendship approaches 19th century German history's trajectory to unification through the lens of academics journalists and artists who formed close personal relationships with one another and with powerful state leaders Michael Weaver argues that German liberals thought with their friends by demonstrating the previously neglected aspects of political friendship were central to German political culture

**Crisis and Renewal in the History of European Political Thought**, 2021-08-30 Listen to the podcast here Read Crisis as a trigger for new ways of thinking about politics here This volume explores the complex theme of crisis in European political thought from antiquity to the twenty first century It investigates the innovations in political thought that sprang from crisis as well as the conceptual challenges thinkers faced when dealing with the devastation wrought by spiritual economic and political crises In so doing Crisis and Renewal also examines the ways in which crisis often became the site of renewal As an object of theoretical reflection and as a pivotal element of our vocabulary the notion of crisis is often applied indiscriminately and without clarity to a huge variety of domains This volume provides a historically informed analysis of what it means to reflect on and theorise about crisis Contributors are Erica Benner Niall Bond Nathaniel Boyd Andrea Catanzaro Patricia Chiantera Stutte Alberto Clerici Cesare Cuttica Annalisa Furia George Gallwey Kai Gr f Ferenc H rcher Paschalis M Kitromilides L szl Kontler Adriana Luna Fabritius Clara Maier Janine Murphy Adrian O Connor and Mark Somos

Transatlantic Revolutionary Cultures, 1789-1861 Charlotte A. Lerg, Heléna Tóth, 2017-11-06 Transatlantic Revolutionary Cultures 1789 1861 argues that the revolutionary era constituted a coherent chapter in transatlantic history and that individual revolutions were connected to a broader transatlantic and transnational frame As a composite the essays place instances of political upheaval during the long nineteenth century in Europe and the Americas in a common narrative and offer a new interpretation on their seeming asynchrony In the age of revolutions the formation of political communities and cultural interactions were closely connected over time and space Reciprocal connections arose from discussions on the nature of history deliberations about constitutional models as well as the reception of revolutions in popular culture These various levels of cultural and intellectual interchange we term transatlantic revolutionary cultures Contributors are Ulrike Bock Anne Bruch Peter Fischer Mischa Honeck Raphael H rmann Charlotte A Lerg Marc H Lerner Michael L Miller Timothy Mason Roberts and Hel na T th

**Mobility and Biography** Sarah Panter, 2015-12-14 The subject of transnational lives has only recently gained importance in historical research With its transnational approach to mobility and biography this volume brings together research on aspects of mobility and biography across different times and spaces to open up new interdisciplinary perspectives Networks movements and the capacity to become socially or spatially mobile in and across Europe are not only analysed as structural factors but rather seen as connected to concrete practices of mobility among different groups in the spheres of business politics and the

arts from Jewish merchants via legal and financial advisors all the way to musicians      **Artisans Abroad** Fabrice Bensimon, 2023 Between 1815 and 1870 when European industrialisation was in its infancy and Britain enjoyed a technological lead thousands of British workers emigrated to the continent They played a key role in several sectors like textiles iron mechanics and the railways These men and women thereby contributed significantly to the industrial take off in continental Europe *Artisans Abroad* examines the lives and trajectories of these workers who emigrated from manufacturing centres in Britain to France Belgium Germany and other countries considering their mobilities their culture their politics and their relations with the local populations Fabrice Bensimon reminds us that the British economy was not just oriented towards the Empire and the USA but also towards the continent long before the European Union and Brexit and shows the critical role played by migrant workers in the Industrial Revolution *Artisans Abroad* is the first social and cultural history of this forgotten migration      *Charles Dickens and the Properties of Fiction* Ushashi Dasgupta, 2020-05-20 When Dickens was nineteen years old he wrote a poem for Maria Beadnell the young woman he wished to marry The poem imagined Maria as a welcoming landlady offering lodgings to let Almost forty years later Dickens died leaving his final novel unfinished in its last scene another landlady sets breakfast down for her enigmatic lodger These kinds of characters are everywhere in Dickens's writing *Charles Dickens and the Properties of Fiction: The Lodger World* explores the significance of tenancy in his fiction In nineteenth century Britain the vast majority of people rented rather than owned their homes Instead of keeping to themselves they shared space renting lodging taking lodgers in or simply living side by side in a crowded modern city Charles Dickens explored both the chaos and the unexpected harmony to be found in rented spaces the loneliness and sociability the interactions between cohabitants the complex gender dynamics at play and the relationship between space and money *Charles Dickens and the Properties of Fiction* demonstrates that a cosy secluded home life was beyond the reach of most Victorian Londoners and considers Dickens's nuanced conception of domesticity Tenancy maintained an enduring hold upon his imagination giving him new stories to tell and offering him a set of models to think about authorship He celebrated the fact that unassuming houses brim with narrative potential comedies romances and detective plots take place behind their doors *Charles Dickens and the Properties of Fiction: The Lodger World* wedges these doors open      **Bernie Sanders's Democratic Socialism** Nicolas Gachon, 2021-03-20 This book provides a framework for understanding and analyzing Bernie Sanders's democratic socialism its origins its maturation and its evolution between 1972 when Sanders ran for the Vermont gubernatorial election for the first time and 2020 when he made his second presidential run The core argument is that Bernie Sanders's characteristic brand of socialism evolved from the mould of late 19th century utopian radicalism to radical demands for state and corporate accountability in the 21st century turning into a social movement for reparative justice that rose to national prominence in the wake of the Great Recession in 2008 and of the Occupy Wall Street movement in 2011      **The Routledge History of East Central Europe Since 1700** Irina Livezeanu, Arpad von
