**The Bloomsbury Handbook of Modern Chinese Literature in Translation** Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation

**Changing Clothes in China** Antonia Finnane, 2023-05-30 Historians have long regarded fashion as something peculiarly Western In this surprising sumptuously illustrated book Antonia Finnane challenges this view which she argues is based on nineteenth and twentieth century representations of Chinese dress as traditional and unchanging Fashions she shows were part of Chinese life in the late imperial era even if a fashion industry was not then apparent In the early twentieth century the key features of modern fashion became evident particularly in Shanghai and rapidly changing dress styles showed the effects The volatility of Chinese dress throughout the twentieth century matched vicissitudes in national politics Finnane describes in detail how the close fitting jacket and high collar of the 1911 Revolutionary period the skirt and jacket blouse of the May Fourth era and the military style popular in the Cultural Revolution gave way finally to the variegated globalized wardrobe of today She brilliantly connects China's modernization and global visibility with changes in dress offering a vivid portrait of the complex

EBOOK: Access All Eras: Tribute Bands and Global Pop Culture Shane Homan,2006-09-16 From Bj rn Again to the Illegal Eagles from Black Stabbath to the Essex Pistols and the Bootleg Beatles tribute bands comprise a significant sector of many national music scenes Access All Eras is the first book to examine the tribute and cover band phenomenon and its place within the global popular music industry The ability of tributes to reinforce or challenge the very idea of stardom is explored through studies of imitations of various iconic pop and rock performers including Elvis the Beatles Jimi Hendrix ABBA and

the Beach Boys Analysis of such tribute acts can tell us much about how the meanings of performers and performance circulate globally and are resisted or accommodated by local music cultures in the commercialisation of live and recorded memories The book also looks at music industry attitudes towards imitation including copyright issues and the use of multimedia performance techniques to deliver the authentic tribute experience It offers an insight into how understandings of nostalgia and celebrity circulate within contemporary society and are connected with other media and leisure industries Access All Eras is key reading for students in popular music media studies cultural studies arts music sociology performing arts and popular culture studies China's Millions ,1881 **Space and Everyday Lives of Children in Hong Kong**

Huajing Zhao,2011-05-25 This book is developed from an ethnographic case study which investigated Chinese adolescents construction of their gender identity and the way it is negotiated in the course of learning English as a foreign language EFL from a sociolinguistic sociocultural and sociopsychological point of view It documented the unseen connections between the micro level of the students face to face verbal interactions and the macro level of the role of learning EFL that can play in students construction and negotiation of their gender identity The book aims to help both teachers and students to develop a more comprehensive view of English learning as a means to social and educational development On the whole the study showed that second language learning pedagogy which integrates CLT can be used as an important tool to open up opportunities for the improvement of gender awareness in cultures where gender and sex are not linguistically differentiated It demonstrated that the EFL class can be used as a means of opening up a space where adolescents can become aware of gender and play around with this awareness It can be educationally valuable with regard to making students and teachers think about a number of social and intercultural issues alongside cross linguistic issues The fieldwork of the research showed that interventions directed at attracting students attention to gender roles and the way they behaved in interactions in
