An Introduction To European Law

KJ Lindholm-Leary

An Introduction To European Law:

An Introduction to European Law Robert Schütze, 2023 This succinct introduction uses a precise style clear structure and engaging narrative approach to inspire a sophisticated understanding of the subject Schütze breaks down the core material required for study of EU law and equips students to continue their learning with an analytical eye An Introduction to European Law Robert Schütze, 2023

A Critical Introduction to European Law Ian Ward, 2003-04 This book discusses the history and institutional framework of the EU without becoming mired in the minutiae of black letter law It provides an accessible introduction for students to current critical academic commentary on European law European Union Law Anthony Arnall, 2017-05-18 The European Union is rarely out of the news and as it deals with the consequences of the Brexit vote and struggles to emerge from the eurozone crisis it faces difficult questions about its future In this debate the law has a central role to play whether the issue be the governance of the eurozone the internal market clawing back powers from Europe or reducing so called Brussels red tape In this Very Short Introduction Anthony Arnall looks at the laws and legal system of the European Union including EU courts and discusses the range of issues that the European Union has been given the power to regulate such as the free movement of goods and people He considers why an organisation based on international treaties has proved capable of having far reaching effects on both its Member States and on countries that lie beyond its borders and discusses how its law and legal system have proved remarkably effective in ensuring that Member States respect the commitments they made when they signed the Treaties Answering some of the key questions surrounding EU law such as what exactly it is about and how it has become part of the legal DNA of its Member States so much more effectively than other treaty based regimes Arnall considers the future for the European Union ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Advanced Introduction to European Union Law Jacques Ziller, 2020-01-31 This book explains how member states of the EU confer powers to the Union through the founding treaties and the legal frame applicable to the Union's institutions and the rules that apply to their functioning and the legal review of their action It reviews the main fields of action of the EU the internal market area of freedom security and justice external action and how law is shaping them The interaction between the EU and its member states is also explained *Introduction to European Law*, 1997 *An Introduction to the EU Legal Order* Elise Muir, 2023-02-09 Carefully structured and supported with a wealth of examples Elise Muir provides a clear concise introduction to the EU legal order Drawing upon her years of teaching experience Muir outlines the history of the EU its key actors modes of action and its daily relevance Offering students and instructors an up to date textbook Muir pays attention to the latest developments including the impacts of Brexit and the Covid 19 crisis Written for students from a range of

disciplines and levels of study this book explains how the EU legal order works Muir illuminates the complex and technical areas of EU institutional law through explanatory illustrations schemes and textboxes With this engaging and accessible resource students will be well equipped to understand the fundamentals and functioning of the EU legal order **Concise Introduction to EU Private International Law** Michael Bogdan,2012 This concise book is mainly intended to be used as an introduction to the rules of private international law belonging to the legal system of the European Union It provides legal practitioners with an overview of this highly complex field of law and can serve as an introductory textbook in elective undergraduate courses and master programs offered today by many law schools both to their own students and to exchange students from other countries The book will hopefully also be useful as a spring board towards more profound studies of statutory texts case law and legal literature Michael Bogdan is Professor of Comparative and Private International Law at the University of Lund Sweden

EU Law Directions Nigel Foster,2023 The Directions series has been written with students in mind The ideal guide as they approach the subject for the first time EU Law Directions will help them Gain a complete understanding of the topic just the right amount of detail conveyed clearly Understand the law in context with scene setting introductions and highlighted case extracts the practical importance of the law becomes clear Identify when and how to critically evaluate the law they ll be introduced to the key areas of debate and given the confidence to question the law Deepen and test knowledge visually engaging learning and self testing features aid understanding and help students tackle assessments with confidence Elevate their learning with the ground work in place your students can aspire to take their learning to the next level with direction provided on how to go further Digital formats and resources The eighth edition is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks The online resources include self test questions with instant feedback to consolidate your learning suggested approaches to end of chapter questions to help you perfect your technique as well as a timeline of key moments in EU legal history to give you a contextual overview of the subject

An Introduction to Fundamental Rights in Europe Facchi, Alessandra,Falcetta, Silvia,Riva, Nicola,2022-03-22 This is a concise and accessible introduction to fundamental rights in Europe from the perspectives of history theory and an analysis of European jurisprudence Key features include A combination of historical and philosophical approaches with analysis of significant legal cases A multidisciplinary outlook in contrast to the strict legal approach of most textbooks on the subject A European perspective which refers throughout to central European values such as freedom equality solidarity and dignity

What One Should Know about the European Union (EU) Markus Frischhut,2017

EU Constitutional Law Allan Rosas,Lorna Armati,2012-08-03 The second revised edition of this acclaimed book brings the story of the EU s constitutional journey up to date The EU s constitution composed of a myriad of legal texts case law and practice is a moving target subject to continuous

change and the past two years have seen no slacking in the pace of that change. With a wider geographical ambit than ever the EU faces unprecedented political, economic and cultural challenges all of which impact upon the evolution of its constitution. Moreover, the crisis in the Eurozone has given rise to the need for a whole new chapter focussing on the institutional reforms embarked upon in the quest to restore financial order. The book succeeds where others have struggled in making sense of the EU's complex constitutional order, focussing on its essential features but taking into account the profound changes that have taken place over the past 20 years. The EU has become much more than an internal economic market and has recently become active in areas such as immigration and third country nationals security and defence policy and penal law and procedure while the crisis in the Eurozone has triggered an increasing focus on economic and fiscal policy. Eschewing too much detail, the authors underline the essential values, principles and objectives of the integration regime as well as its basic normative structure and hierarchy. In this context, the decentralised nature of the EU is highlighted as an integral part of its constitutional make up. Recurring themes include European citizenship, fundamental rights and the rule of law. The book also confronts head on the problems and challenges facing the Union and the gap which is often perceived between lofty ideals and harsh realities. The book will be useful to students of EU law and European integration but will also appeal to a broader audience of researchers and practitioners including political scientists.

Introduction to EU Law - Revision Guide Özgür Heval Çınar, 2021-02-02. The real reason for the emergence of this book is that it is hard to find resources to explain complex issues of the EU Law in plain language which makes it very difficult for those taking an interest in particular law students. Moreover, many years of teaching experience in this subject and seeing students experience difficulties is the key driver behind this book. This book does not repeat material that is available in many textbooks that are in print. Rather, it endeavours to present every topic in plain language and concludes every chapter with a fictitious explanatory sample case. In other words, it is an introduction to the subject of EU Law, the objective of which is to explain the topic both theoretically and in its application dimension. Additionally, this book will assist students to prepare for coursework examinations. At the end of the book, there is also a test that summarizes all the subjects contained in the book which is appropriate to the first stage SQE Solicitors Qualifying Examination examination model that will be introduced in September 2021. EU Law Book by Dr Çınar is different than other textbooks in the market as it is designed to make sense of a complex area of law in a simple yet comprehensive way. The book contains materials relating to EU law with all the notable cases and materials collected in one place. It is written in plain language in the form of question and answers. At the end of each chapter, there is a case study which helps to put theory into practice. EU Law is accessible, readable and user friendly. I would recommend it without hesitation to legal scholars and practitioners. Dr Aysem Diker Vanberg, Senior Lecturer, University of Greenwich. This clear and concise book provides a practical overview of EU law and will be an excellent study aid for law students. It explains the key topics of EU law in an accessible and engaging manner through a Q & A model and case studies.

that demonstrate how the law is applied Dr Johanna Hoekstra Lecturer University of Essex The is an accessible easy to read and very useful book covering all the essential areas of EU law making them easily understood Dr Marios Costa Senior Lecturer City Law School University of London

Constructing the Person in EU Law Loïc Azoulay, Ségolène Barbou des Places, Etienne Pataut, 2016-07-28 The European Union places the individual or person at the heart of its activities It is a central concept in all of EU economics politics society and ethics The 15 chapters in this innovative edited collection argue that EU law has had a transformative effect on this concept The collection looks at the mechanisms used when constructing the person in EU law It goes beyond traditional literature on Europe and the Individual exploring the question of personhood through critical and contextual perspectives Constructing the Person in EU Law Rights Roles Identities brings together contributions and debates from experts around Europe to this key question Solidarity in EU Law Andrea Biondi, Eglé Dagilytė, Esin Küçük, The European Union has evolved from a purely economic organisation to a multi faceted entity with political social and human rights dimensions This has created an environment in which the concept of solidarity is gaining a more substantial role in shaping the EU legal order This book provides both a retrospective assessment and an outlook on the future possibilities of solidarity s practical and theoretical meaning and legal enforcement in the ever changing Union

The Politics of the Draft Common Frame of Reference Alessandro Somma, 2009-06-22 This collection of essays reflects both the diversity of the group s work and the common thread that runs through it The core claim here is that the DCFR despite the Commission s characterization of its proposals as purely technical cannot escape politics The intent is to critically identify and evaluate the model of social justice underlying the DCFR

EU Law Iyiola Solanke, 2022-07-14 The Court of Justice of the European Union is the busiest court in the world The second edition of this textbook explores why this is It examines in detail the interactions between European Union and national institutions instruments laws and concepts that make up this unique legal order It explains the core constitutional and substantive principles that underpin the European Union legal order and introduces EU law in a detailed comprehensive way which is both enjoyable and clear to read It offers an up to date and accessible analysis of EU law and avoids technical jargon providing informed insights on an exciting but challenging subject Combining a historical perspective with up to date examples it aims to help students appreciate how EU law developed and its continued significance in day to day life This

updated edition features new coverage on free movement online resources plus additional chapters on Article 50 and EU law in the UK after Brexit

European Union Law Alina Kaczorowska-Ireland, 2012-09-10 Now in its second edition *European Union Law* has been fully revised and updated following the entry into force of the Lisbon Treaty in December 2009 The book contains entirely new chapters on the Protection of Human Rights in the EU the Area of Freedom Security and Justice and the Common Foreign and Security Policy Specifically written to give law students detailed up to date knowledge of all main areas of EU law the book provides an in depth and detailed examination of and commentary on the areas of institutional and of substantive EU law forming the syllabus of standard academic courses on EU law Unlike other texts this book successfully combines authoritative text with case summaries and judgments these being highlighted in colour tinted boxes for easy identification The author identifies the relevant points and key facts of the leading cases and discusses the judgments in detail often in the light of subsequent developments Student friendly features include short summaries at the beginning of each chapter outlining the topics and concepts covered an aide memoire at the end of each chapter to highlight and reflect the main points a recommended reading list at the end of each chapter to facilitate further research a map identifying EU Member States with accession dates and candidate states a Companion Website featuring updates twice yearly annotated links to online sources of interest and essay style self test questions with suggested answers This book is an essential resource for those studying EU law on both undergraduate and postgraduate courses and will be of interest to students of political science social science and business studies

The Foundations of European Transnational Private Law Anna Beckers, Hans-W. Micklitz, Rodrigo Vallejo, Pia Letto-Vanamo, 2024-05-30 Since Anu Bradford's groundbreaking book on the Brussels Effect there is a vastly evolving literature on the EU as a global regulatory actor as well as the global reach of EU law This edited collection connects to this debate Yet it shifts the focus from the currently predominant public law focus to investigating European and EU private law and to connecting to literature and research on transnational law To that end it proceeds first conceptually by introducing and giving shape to the notion of a European Transnational Private Law through four conceptual contributions by the editors Secondly it focuses on several sectors finance taxation investment consumer law labour law and topics climate litigation global value chains non discrimination to trace sector specifically the role of EU private law in relation to transnational legal ordering

European Agencies Madalina Busuioc, 2013-02-28 European agencies have been created at a rapid pace in recent years in a multitude of diverse fields from pharmaceuticals to financial supervision This book examines how the accountability system of these agencies operates formally and in practice studying the legal provisions in place and their de facto implementation
