Performance and Personhood in Caribbean Literature Jeannine Murray-Román, 2016-01-11 Focusing on the literary representation of performance practices in anglophone francophone and hispanophone Caribbean literature Jeannine Murray Rom n shows how a shared regional aesthetic emerges from the descriptions of music dance and oral storytelling events Because the historical circumstances that led to the development of performance traditions supersede the geopolitical and linguistic divisions of colonialism the literary uses of these traditions resonate across the linguistic boundaries of the region The author thus identifies the aesthetic that emerges from the act of writing about live arts and moving bodies as a practice that is grounded in the historically geographically and culturally specific features of the Caribbean itself Working with twentieth and twenty first century sources ranging from theatrical works and novels to blogs Murray Rom n examines the ways in which writers such as Jacques Stephen Alexis Zo Vald s Rosario Ferr Patrick Chamoiseau and Marlon James experiment with textually compensating for the loss of the corporeality of live relationship in performance traditions Through their exploration of the interaction of literature and performance she argues Caribbean writers themselves offer a mode of bridging the disjunction between cultural and philosophical approaches within Caribbean studies

Revisionist Histories Marnie Hughes-Warrington, 2013-07-18 Revision and revisionism are generally seen as standard parts of historical practice yet they are underexplored within the growing literature on historiography In this accessibly written volume Marnie Hughes Warrington discusses this paucity of work on revision in history theory and raises ethical questions about linear models and spatial metaphors that have been used to explain it Revisionist Histories emphasises the role of the authors and audiences of histories alike as the writers and rewriters of history Through study of digital environments graphic novels and reader annotated texts this book shows that the sides of history cannot be disentangled from one another and that they are subject to flux and even destruction over time Incorporating diverse and controversial case studies including the French Revolution Holocaust Denial and European settlers contact with Native Americans and Indigenous Australians Revisionist Histories offers both a detailed account of the development of revisionism and a new more spatial vision of historiography An essential text for students of historiography
