**Asian/American Curricular Epistemicide** Nicholas D. Hartlep,Daniel P. Scott,2016-08-18 In this important book Nicholas Hartlep and Daniel Scott s detailed analyses on both visual and historical representations of Asian Americans in textbooks and teacher manuals used in our elementary and secondary schools poignantly tell us that generations of children are growing up being fed this single story about Asian Americans As Hartlep and Scott write Asian Americans have once again been constructed as the good minority that can succeed on their own and be used as a political instrument to shame the Blacks for their underachievement and their fight for equality Over and over again the media has been telling a single story about Asian Americans to the public for the past fifty years The consequence of this fabricated story is that it discourages others even Asian Americans themselves from believing in the validity of their struggles Linshi 2014 p 1

**The Art of Being Jewish in Modern Times** Barbara Kirshenblatt-Gimblett,Jonathan Karp,2013-02-11 The wide ranging portrayal of modern Jewishness in artistic terms invites scrutiny into the relationship between creativity and the formation of Jewish identity and into the complex issue of what makes a work of art uniquely Jewish Whether it is the provenance of the artist as in the case of popular Israeli singer Zehava Ben the intention of the iconography as in Ben Shahn s antifascist paintings or the utopian ideals of the Jewish Palestine Pavilion at the 1939 New York World s Fair clearly no single formula for defining Jewish art in the diaspora will suffice The Art of Being Jewish in Modern Times is the first work to analyze modern Jewry s engagement with the arts as a whole including music theater dance film museums architecture painting sculpture and more Working with a broad conception of what counts as art the book asks the following questions What roles have commerce and politics played in shaping Jewish artistic agendas Who determines the Jewishness of art and for what purposes What role has aesthetics played in reshaping religious traditions and rituals This richly illustrated volume illuminates how the arts have helped Jews confront the various challenges of modernity including cultural adaptation and self preservation economic diversification and ritual transformation There truly is an art to being Jewish in the modern world or alternatively an art to being modern in the Jewish world and this collection fully captures its range diversity and historical significance

Democracy and Populism John Lukacs, 2005-03-08 This intensely interesting and troubling book is the product of a lifetime of reflection and study of democracy In it John Lukacs addresses the questions of how our democracy has changed and why we have become vulnerable to the shallowest possible demagoguery Lukacs contrasts the political systems movements and ideologies that have bedeviled the twentieth century democracy Liberalism nationalism fascism Bolshevism National Socialism populism Reflecting on American democracy Lukacs describes its evolution from the eighteenth century to its current form a dangerous and possibly irreversible populism This involves among other things the predominance of popular sentiment over what used to be public opinion This devolution has happened through the gigantic machinery of publicity substituting propaganda and entertainment for knowledge and ideology for a sense of history It is a kind of populism that relies on nationalism and militarism to hold society together Lukacs's observations are original biting timely sure to inspire lively debate about the precarious state of American democracy today [http://www.loc.gov/catdir/enhancements/fy0618/2004058450\\_d.html](http://www.loc.gov/catdir/enhancements/fy0618/2004058450_d.html) **German History in Modern Times** William W.
