**Among Hidden Stars** John Coon, 2022-09-13 A world conquering weapon An unrelenting despot Can a rebel couple finally defeat their oppressor's reign Calandra Menankar dreams of ending tyranny Living in exile and shunned by her family the heartsick refugee refuses to stop trying to spark a revolution And though she fears she isn't making a difference from afar she's determined to bring down a brutal ruler no matter the cost Xtra Oogan longs to live in peace with his wife and daughter And he gets one step closer to that future when he destroys the last of facilities housing genetically altered soldiers But just as the daredevil pilot believes he's gained the upper hand he learns the tyrannical ruler of his former homeland seeks an ancient staff rumored to impart god-like powers Following multiple attempts to kill them Calandra flees off planet with her husband and young child to secure a safe haven and fresh allies But Xtra's plan to beat the tyrant to the powerful relic crumbles when their ship arrives at an alien solar system to find the enemy's fleet ready for battle Will the courageous duo prevail or take their final breaths far from home *Among Hidden Stars* is the suspenseful third book in the *Alien People Chronicles* science fiction series If you like dynamic characters explosive action and fighting against terrifying odds then you'll love John Coon's breathtaking conclusion **The Hidden History of Coined Words** Ralph Keyes, 2021-02-19 Successful word coinages those that stay in currency for a good long time tend to conceal their beginnings We take them at face value and rarely when and where they were first minted Engaging illuminating and authoritative Ralph Keyes's *The Hidden History of Coined Words* explores the etymological underworld of terms and expressions and uncovers plenty of hidden gems He also finds some fascinating patterns such as that successful neologisms are as likely to be created by chance as by design A remarkable number of new words were coined whimsically originally intended to troll or taunt Knickers for example resulted from a hoax big bang from an insult Casual wisecracking produced software crowdsource and blog More than a few resulted from happy accidents such as typos mistranslations and mishearing bigly and buttonhole or from being taken entirely out of context robotics Neologizers a Thomas Jefferson coinage include not just scholars and writers but cartoonists columnists

children's book authors Wimp originated with a book series as did goop and nerd from a book by Dr Seuss Coinages are often contested controversy swirling around such terms as gonzo mojo and booty call Keyes considers all contenders while also leading us through the fray between new word partisans and those who resist them strenuously He concludes with advice about how to make your own successful coinage The Hidden History of Coined Words will appeal not just to word mavens but history buffs trivia testers and anyone who loves the immersive power of language     **The Hidden Key to the Power of God** Paul Young, 2010-08-31 Every person would like to have greater control of the circumstances of life For the believer this is determined by the level of God's power being released in your life Unfortunately the forces of darkness have been effective in using tradition and religion to produce a smoke screen that has obscured the foundational principles These are the very principles God designed to enable us to access and release His power It is His power that changes our lives and through us effects the lives of others This book is all about pulling the curtain back so that you are no longer frustrated or defeated by the circumstances that come your way
