Amusement Park Physics

Amusement parks provide many forms of fun, but also give you a chance to see physics in action. In this activity, you will explore the physics of amusement parks. You will learn about the forces that act on you as you ride a roller coaster, and you will learn about the forces that act on you as you ride a Ferris wheel. You will also learn about the forces that act on you as you ride a carousel.

Part I

Why do you experience a centripetal force when you ride a roller coaster?

Answer:

When you ride a roller coaster, you experience a centripetal force that acts on you as you ride. This force is caused by the forces that act on you as you ride. The forces that act on you as you ride are the forces that act on you as you ride.
