**Licensure In Professional Psychology** Tony D. Crespi,2019-01-22 In many professions there are key hurdles that must be crossed before one is awarded the right to independent practice For psychology licensure is that critical credential in fact passing the Examination for Professional Practice in Psychology used both in the United States and Canada and sponsored by the Association of State and Provincial

Psychology Boards is becoming almost essential for obtaining postdoctoral non academic employment in the field The examinations for licensure pose a challenge for candidates testing a breadth and range of knowledge that can seem overwhelming for even the most highly trained individual A supplement to preparatory courses focusing on content this handbook provides the reader with a wide range of organizational strategies designed to help accomplish the goal of licensure These strategies can also be useful for those pursuing speciality certification or additional institute coursework or training In addition to analyzing and reviewing long term study and test taking techniques this work gives practical advice on how a person can design a study programme and keep to it especially when faced with conflicting real world commitments It also shows how to set priorities and refine survival skills in short how and when an individual should properly prepare for the licensure exam
