twentieth century's most extravagant ocean liners. From the members of first class in all their finery to the card cheats and pickpockets plying their trade, they've experienced more than their share of humanity. For their latest voyage, the *Salsette* boasts a pair of travellers who feign ignorance of each other, but there is clearly no love lost between them. Then there's an elderly man whose powers of deduction may be based on more earthly techniques than the mystical energy he claims to possess. And there's a young woman and her mother who find their way into the middle of every bit of trouble aboard. The lives of this group of travellers are set to intersect in ways none of them could have foreseen on dry land, including in a murder. Previously published under the name Conrad Allen, the Ocean Liner series casts off for a new generation of readers.

*The Mapping of Love and Death* Jacqueline Winspear, 2010 Maisie Dobbs must unravel a case of wartime love and death, an investigation that leads her to a doomed affair between a young cartographer and a mysterious nurse. Provided by publisher **Messenger of Truth** Jacqueline Winspear, 2010-04-01 Maisie Dobbs investigates the mysterious death of a controversial artist and World War I veteran in the fourth entry in the bestselling series from Jacqueline Winspear. *Messenger of Truth* London 1931. The night before an exhibition of his artwork opens at a famed Mayfair gallery, the controversial artist Nick Bassington Hope falls to his death. The police rule it an accident, but Nick's twin sister Georgina, a wartime journalist and an infamous figure in her own right, isn't convinced. When the authorities refuse to consider her theory that Nick was murdered, Georgina seeks out a fellow graduate from Girton College, Maisie Dobbs, psychologist and investigator, for help. Nick was a veteran of World War I, and before long, the case leads Maisie to the desolate beaches of Dungeness in Kent and into the sinister underbelly of the city's art world. Maisie once again uncovers the perilous legacy of the Great War in a society struggling to recollect itself. But to solve the mystery of Nick's death, Maisie will have to keep her head as the forces behind the artist's fall come out of the shadows to silence her. Following on the bestselling *Pardonable Lies*, Jacqueline Winspear delivers another vivid, thrilling, and utterly unique episode in the life of Maisie Dobbs. **Clues from the Couch** Laird R. Blackwell, 2022-06-27 The detective story, the classic whodunit, with its time displacement structure of crime according to most literary historians, is of relatively recent origin. Early in its development, the whodunit was harshly criticized for its tightly formula-bound structure. Many critics prematurely proclaimed the death of the whodunit, and even of detective fiction altogether. Yet today, the genre is alive, as contemporary authors have brought it into modern times through a significant integration of elaborate character development and psychology. With the modern psychological detective story emerging from the historical cauldron of detective fiction and early psychology, the genre continues to develop a complexity that reflects and guides the literary sophistication needed. This book, the first of its kind, analyzes over 150 whodunit novels and short stories across the decades, from *The Moonstone* to the contemporary novels that saved the genre from an ignominious death.
