Common Sense and Testing in English National Council of Teachers of English. Task Force on Measurement and Evaluation in the Study of English,1975 The members of the National Council of Teachers of English believe it is imperative that the public and the profession know what great harm is being done to students by unwarranted faith in standardized tests

The Task Force on Measurement and Evaluation in the Study of English was formed in 1974 and found widespread ignorance about tests among teachers administrators school board members the media and the public This booklet is about tests in English language arts but its analysis of the art of testing has insights for all subjects and subject matter teachers as the problems with standardized tests are not unique to one subject area This information is offered for the benefit of the profession students and for the citizens who pay for schools and must judge what educators do

Translation of Thought to Written Text While Composing Michel Fayol, Denis Alamargot, Virginia Wise Berninger, 2012 Translation of cognitive representations into written language is one of the most important processes in writing This volume provides a long awaited updated overview of the field The contributors discuss each of the commonly used research methods for studying translation theorize about the nature of the cognitive and language representations and cognitive linguistic transformation mechanisms involved in translation during writing and make the case that translation is a higher order executive function that is fundamental to the writing process The book also reviews the application of research to practice that is the translation of the research findings in education and the work world for individuals who interact with others using written language to communicate ideas This volume provides a rich resource for student theorists and empirical researchers in cognitive psychology linguistics and education and teachers and clinicians who can use the research in their work
