Phonics for Pupils with Special Educational Needs Book 7: Multisyllable Magic Ann Sullivan, 2018-10-11 Phonics for Pupils with Special Educational Needs is a complete structured multisensory programme for teaching reading and spelling making it fun and accessible for all. This fantastic seven part resource offers a refreshingly simple approach to the teaching of phonics alongside activities to develop auditory and visual perceptual skills. Specifically designed to meet the needs of pupils of any age with special educational needs, the books break down phonics into manageable core elements and provide a huge wealth of resources to support teachers in teaching reading and spelling. Book 7 Multisyllable Magic focuses on revising the main complex sounds from previous books and working on words with 2, 3 and 4 syllables. It also explores words with key suffixes: *tion, sion, ture, sure, cious, cial*. Each chapter contains 10 engaging activities including syllable jigsaw, sounds like a syllable, syllable trap and spelling challenge, plus handy highlighted word cards. Thorough guidance is provided on how to deliver each activity as well as a lesson planner template to support learning. Each book in the series gradually builds on children's understanding of sounds and letters and provides scaffolded support for children to learn about every sound in the English language. Offering tried and tested material which can be photocopied for each use, this is an invaluable resource to simplify phonics teaching for teachers and teaching assistants and provide fun new ways of learning phonics for all children. This book is accompanied by a companion resource *Phonics for Pupils with Complex SEND* to be used alongside the *Phonics for Pupils with Special Educational Needs* programme. The activities from Books 1-6 of the programme are adapted to be accessible for non-verbal pupils including AAC users and those with physical disabilities.

The Word Rhythm Dictionary Timothy Polashek, 2014-04-18 *The Word Rhythm Dictionary: A Resource for Writers, Rappers, Poets and Lyricists* is a new kind of dictionary, one that reflects the use of rhythm and rhymes by rappers, poets and songwriters of today. This is an eminently practical reference work for all wordsmiths looking to add musicality to their writing. Users of this dictionary can alphabetically look up words in the General Index to find collections of words that have the same rhythm as the original word and are readily useable in ways that are familiar to us in everything from *vers libre* poetry to the lyrics and music of Bob Dylan and hip hop groups. Professional writers and students have long used traditional rhyming dictionaries for inspiration by perusing lists of rhyming words; they may ask themselves, "I need a word that rhymes with blue and are led to shoe, flu or you." These rhyming words evoke through juxtaposition new images, thoughts and actions that inspire creative directions and pleasing twists as verses and stanzas unfold. For the first time ever, this dictionary now allows writers and poets to ask the same question but of word rhythm: "I need a word with the same rhythm as butterfly." Today's lyricists and poets know that there is so much more to the flow of their creations than just matching vowels. *The Word Rhythm Dictionary* organizes words by additional properties: phonetic similarity, alliteration and literary consonance, the number of syllables in words and syllable stress patterns. Never has it been easier to locate words that feature similar sounds, matching meters and rhythmic grooves.

from traditional rhymes like clashing and splashing to near rhymes like rollover and bulldozer unrefuted undisputed to pure metrical matches like biology and photography Additional appendixes allow readers to search according to poetic metrical feet and musical rhythm through a visual index of notated rhythms allowing musicians and lyricists to track down words that match preexisting motives and melodies This book could become the new fun addiction or addiction affliction constriction conviction conniption prescription subscription conscription for writers musicians lyricists rappers poets and wordsmiths alike Oh and it s a lot of fun just to browse
