The text is organized as follows: chapters on developmental stages, age groups are followed by chapters covering related and common diseases within each stage/age group. The final unit of the text includes the child with chronic health problems and the dying child. New recurring features include Web activities, pediatric triage checklists and case studies. Connection Website connection. LWW.com go lpnresources. *Maternal & Child Health Nursing* Adele Pillitteri, 2010. Growing research shows that many children from immigrant and refugee families are not doing well in school due in part to linguistic and cultural disadvantages. Teaching dual language learners requires cultural sensitivity, an understanding of language acquisition and intentional teaching strategies. Combining research and techniques, this resource helps early childhood educators support dual language learners as they develop the skills necessary for school readiness and success.
