## **Alaska Gold Claims Klondike Days:**

**Claims and Speculations** Janet Floyd,2012-09-15 Mines have always been hard and dangerous places They have also been as dependent upon imaginative writing as upon the extraction of precious materials This study of a broad range of responses to gold and silver mining in the late nineteenth century sets the literary writings of figures such as Mark Twain Mary Hallock Foote Bret Harte and Jack London within the context of writing and representation produced by people involved in the industry miners and journalists as well as writers of folklore and song Floyd begins by considering some of the grand narratives the industry has generated She goes on to discuss particular places and the distinctive work they generated the short fictions of the California Gold Rush the Sagebrush journalism of Nevada s Comstock Lode Leadville romance and the popular culture of the Klondike With excursions to Canada South Africa and Australia Floyd looks at how the experience of a destructive and chaotic industry produced a global literature

**Gamblers and Dreamers** Charlene Porsild,2011-11-01 The popular image of the Klondike is of a rush of white male adventurers who overcame great physical and geographical obstacles in their quest for gold Young white single American men carried forward the ideals and structures of the western frontier It was a man s world made respectable only after the turn of the century with the arrival of white middle class women who miraculously swept out the corners of dirt and vice and civilized the society These impressions endure despite recent attempts to correct them Gamblers and Dreamers tackles some of the myths about the history of the North in the era of the gold rush Though many inhabitants came and went Charlene Porsild focuses on the concept of community commitment to show that many put down roots This in depth study of Dawson City at the turn of the century reveals that the city had a cosmopolitan character a stratified society and a definite permanence It examines the lives of First Nations peoples miners and other labourers professionals merchants dance hall performers and sex trade workers providing fascinating detail about those who left homes and jobs to strike it rich in the last great gold rush of the nineteenth century In the process Gamblers and Dreamers puts a human face on this compelling period of history
