**Joseph Turow**

## Albany Channel Guide:

FCC Record United States. Federal Communications Commission,1999      TV Guide ,1999      **TV Directory** ,1980      A Gentle Introduction to Effective Computing in Quantitative Research Harry J. Paarsch,Konstantin Golyaev,2016-05-13 A practical guide to using modern software effectively in quantitative research in the social and natural sciences This book offers a practical guide to the computational methods at the heart of most modern quantitative research It will be essential reading for research assistants needing hands on experience students entering PhD programs in business economics and other social or natural sciences and those seeking quantitative jobs in industry No background in computer science is assumed a learner need only have a computer with access to the Internet Using the example as its principal pedagogical device the book offers tried and true prototypes that illustrate many important computational tasks required in quantitative research The best way to use the book is to read it at the computer keyboard and learn by doing The book begins by introducing basic skills how to use the operating system how to organize data and how to complete simple programming tasks For its demonstrations the book uses a UNIX based operating system and a set of free software tools the scripting language Python for programming tasks the database management system SQLite and the freely available R for statistical computing and graphics The book goes on to describe particular tasks analyzing data implementing commonly used numerical and simulation methods and creating extensions to Python to reduce cycle time Finally the book describes the use of LaTeX a document markup language and preparation system      *Airman's Guide* ,1948      **Federal Communications Commission Reports. V. 1-45, 1934/35-1962/64; 2d Ser., V. 1- July 17/Dec. 27, 1965-.** United States. Federal Communications Commission,1975      **The Commissioners of Patents' Journal** Great Britain. Patent Office,1873      **Industrial Directory and Shippers' Guide** New York Central Lines,1921      **Those Girls** Katherine J. Lehman,2011-09-27 Long before Carrie Bradshaw in *Sex and the City* there was Mary Richards in *The Mary Tyler Moore Show* Every week as Mary flung her beret into the air while the theme song proclaimed You re gonna make it after all it seemed that young independent women like herself had finally arrived But as Katherine Lehman reveals the struggle to create accurate portrayals of successful single women for American TV and cinema during the 1960s and 1970s wasn't as simple as the toss of a hat *Those Girls* is the first book to focus exclusively on struggles to define the single girl character in TV and film during a transformative period in American society Lehman has scoured a wide range of source materials unstudied film and television scripts magazines novels and advertisements to demonstrate how controversial female characters pitted fears of societal breakdown against the growing momentum of the women's rights movement Lehman's book focuses on the single girl an unmarried career woman in her 20s or 30s to show how this character type symbolized sweeping changes in women's roles Analyzing films and programs against broader conceptions of women's sexual and social roles she uncovers deep seated fears in a nation accustomed to depictions of single women yearning for matrimony Yet as

television began to reflect public acceptance of career women series such as *Police Woman* and *Wonder Woman* proved that heroines could wield both strength and femininity while movies like *Looking for Mr Goodbar* cautioned viewers against carrying new found freedom too far Lehman takes us behind the scenes in Hollywood to show us the production decisions and censorship negotiations that shaped these characters before they even made it to the screen She includes often overlooked sources such as the TV series *Get Christie Love* and *Ebony* magazine to give us a richer understanding of how women of color negotiated urban singles life And she reveals how trailblazing characters continue to influence portrayals of single women in shows like *Mad Men* This entertaining and insightful study examines familiar characters caught between the competing fears and aspirations of a society rethinking its understanding of social and sexual mores *Those Girls* reassesses feminine genres that are often marginalized in media scholarship and contributes to a greater valuation of the unmarried independent woman in America

**Federal Communications Commission Reports** United States. Federal Communications Commission, 1975 *The Commercial directory of Liverpool, and shipping guide [afterw.] The Commercial directory and shippers' guide [afterw.] Fulton's commercial directory and shippers' guide*, 1875 *Beautiful TV* Greg M. Smith, 2009-03-06 During its five year run from 1997 to 2002 the popular TV show *Ally McBeal* engaged viewers in debates over what it means to be a woman or a man in the modern workplace how romance factors into the therapeutic understanding of relationships what value eccentricity has and how much oddity society should tolerate and what utility fantasy has in the pragmatic world In addition to these social concerns however *Ally McBeal* stood out for being well constructed narratively complex and stylistically rich in short beautiful TV Starting from the premise that much of television today is drop dead gorgeous and that TV should be studied for its formal qualities as well as its social impact Greg M Smith analyzes *Ally McBeal* in terms of its aesthetic principles and narrative construction He explores how *Ally*'s innovative use of music special effects fantasy sequences voiceovers and flashbacks structures a distinctive fictional universe while it also opens up new possibilities for televisual expression Smith also discusses the complex narrative strategies that *Ally*'s creator David E Kelley used to develop a long running storyline and shows how these serial narrative practices can help us understand a wide range of prime time TV series By taking seriously the art and argument of *Ally McBeal* *Beautiful TV* conclusively demonstrates that aesthetic and narrative analysis is an indispensable key for unlocking the richness of contemporary television

**Playing Doctor** Joseph Turow, 2010-09-29 *Playing Doctor* is an engaging and highly perceptive history of the medical TV series from its inception to the present day Turow offers an inside look at the creation of iconic doctor shows as well as a detailed history of the programs an analysis of changing public perceptions of doctors and medicine and an insightful commentary on how medical dramas have both exploited and shaped these perceptions Originally published in 1989 and drawing on extensive interviews with creators directors and producers *Playing Doctor* immediately became a classic in the field of communications studies This expanded edition includes a new introduction placing the book in the

contemporary context of the health care crisis as well as new chapters covering the intervening twenty years of television programming Turow draws on recent research and interviews with principals in contemporary television doctor shows such as ER Grey s Anatomy Private Practice and Scrubs to illuminate the extraordinary ongoing cultural influence of medical shows Playing Doctor situates the television vision of medicine as a limitless high tech resource against the realities underlying the health care debate both yesterday and today Joseph Turow is Robert Lewis Shayon Professor at the Annenberg School for Communication University of Pennsylvania He was named a Distinguished Scholar by the by the National Communication Association and a Fellow of the International Communication Association in 2010 He has authored eight books edited five and written more than 100 articles on mass media industries He has also produced a DVD titled Prime Time Doctors Why Should You Care which has been distributed to all first year medical students with the support of the Robert Woods Johnson Foundation

**Television & Cable Factbook** ,2010 *Pop Goes the Decade* Richard A. Hall,2021-04-07 Pop Goes the Decade The 2000s comprehensively examines popular culture in the 2000s placing the culture of the decade in historical context and showing how it not only reflected but also influenced its times This resource starts with a timeline of major historical pop culture events of the 2000s followed by an introduction describing what the U S was like at the beginning of the new millennium and how it would change throughout the decade Next come chapters broken down by medium television sports music movies literature technology media and fashion and art A chapter on controversies in popular culture is followed by a chapter on game changers featuring 20 individuals who made a major impact on the U S in the 2000s Finally a conclusion shows the impact that pop culture in the 2000s has had on the U S in the years since This volume serves as a comprehensive resource for high school and college students studying popular culture in the 2000s It provides a summary of total impact plus specific insights into each individual topic It also includes a wide swath of the scholarship produced on the subject to date
