Lindstrom, 1961 **Music of our Times** Marco Adria, 1990-01-01 This pioneering work in Canadian pop music criticism analyses the work of some of the country's most acclaimed musicians winners of national and international awards and recognition Marco Adria examines the songs of eight Canadian artists who belong to pop music's literati singer songwriterwriters whose work reflects considerable refinement and taste Gordon Lightfoot Leonard Cohen Neil Young Joni Mitchell Bruce Cockburn Murray McLaughlan Jane Siberry and kd lang are all artists with considerable insight both in Canada and abroad Individual chapters on each offer thoughtful accounts of their careers and their achievements as interpreters of contemporary popular culture Music of our Times presents new insights and new understandings of Canada's most acclaimed musicians **Saturday Review**, 1869 *The Saturday Review of Politics, Literature, Science and Art*, 1861 *Professor Lundy's Guide to Rock Music Connoisseurship* Duane Emerson Lundy, 2023-10-20 This empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency aesthetic sensitivity and aesthetic judgment in appraising music The book should be both practical and personal for anyone who has a music collection and loves to see it grow continuously but wisely What makes someone an expert The key issue tackled here is how one develops into such a connoisseur of music Overall the book should spark much healthy debate about rock music quality and aesthetics in general both among scholars of aesthetics and the musically passionate general public Many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music such as films visual art or literature Words of Praise Professor Lundy's Guide to Rock Music Connoisseurship is simply fantastic It is written with elegance eloquence and passion His vast knowledge of rock n roll will enlighten every reader and his enthusiasm for this

topic is infectious The book is designed to be comprehensible to any reader but also carefully cited to please the most demanding scholar He successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music using a precision system to guide us into deeper and defensible judgements on what pieces of music are the best and which are the worst This is a beautiful book that enriches the heart and brightens the mind Rhett Diessner Professor Emeritus of Psychology Lewis Clark State College author of *Understanding the Beauty Appreciation Trait Empirical Research on Seeking Beauty in All Things* Aesthetic judgments of music are important but poorly understood To the everyday listener they may seem arbitrary or otherwise inexplicable In this book Professor Lundy offers an unashamedly positive view on aesthetic judgments emphasizing their rational nature and showing how various non aesthetic biases that do exist can be minimized The result is a joyful celebration of music science and connoisseurship which is sure to spark further interest and debate on this fascinating topic Professor Patrik N Juslin Music Psychology Group Uppsala University Sweden **Popular**
